The Bank offers EMV enabled Debit Cards, IOS and Android based native Mobile Apps and Internet Banking services. Moreover, the Bank has also developed its suite of Cash Management services, including Payment upon Identification (PUI), Cash & Instrument Collection, Cash in Transit Services (CIT), Corporate Internet Banking by acquiring Oracle Banking Digital Experience (OBDX) and has also developed product suite of Employee Banking for our Corporate Customers.

The Bank is committed to share in the mutual benefits with the customers, staff and shareholders who participate in our business success under the highly skilled and seasoned management with the prime objective of ensuring our customers' satisfaction.

Islamic banking is defined as a banking system, which is in consonance with the spirit, ethos and value system of Islam and governed by the principles laid down by the Shari'ah. Interest free banking is a narrow concept denoting a number of banking instruments or operations which avoid interest.

Islamic banking, the more general term, is based not only to avoid interest-based transactions prohibited in Shari'ah but also to avoid unethical and un-social practices. In practical sense, Islamic Banking is the transformation of conventional money lending into transactions based on tangible assets and real services.

The model of Islamic banking system leads towards the achievement of a system which helps achieve economic prosperity.

MCB Islamic Bank's corporate strategy consists of the following multi-dimensional elements, which are being pursued concurrently:

- Customer oriented business growth with focus on Shari'ah based high tech innovative product development, service excellence to attain customer satisfaction, and prudent network expansion.
- Optimum capital utilization through effective risk management, developing quality asset portfolio and maximum return.
- Attain operational efficiency by effective cost management and ensuring compliance with all the applicable regulatory requirements.
- Development of motivated human resource having Islamic Banking skills, while ensuring the transparent market based remuneration practices.

It is with great pleasure that I present the Annual Report of MCB Islamic Bank Limited (the Bank) for the year 2023. I am proud to acknowledge the effective leadership of our Board of Directors in steering the Bank towards the accomplishment of its strategic objectives. Despite economic challenges, our management team exhibited extremely effective execution of bank's business plan with dedication, leadership and resilience, resulting in the Bank achieving it's highest-ever Pre-tax Profit of Rs. 10.6 billion for the year, Alhamdulillah.

The Board plays a pivotal role in shaping the strategic direction of the Bank, aligning with our vision, mission, and core values. Upholding stringent standards of Corporate Governance is paramount for the Bank's enduring success, and the Board is committed to maintaining and elevating these standards. Providing policy frameworks and the Board guides strategic oversight, the management in navigating both challenges and opportunities. During the year, the Board Evaluation Committee conducted comprehensive а performance assessment, affirming the satisfactory overall performance, particularly highlighting the Board's effectiveness in achieving the Bank's objectives. In 2021, an external performance evaluation was conducted by BDO Ebrahim & Co., Chartered Accountants, in accordance with the State Bank of Pakistan's guidelines, which stipulate an independent external evaluation once every three vears.

The Board strives to uphold and enhance a high standard of governance and best practices within the Bank, focusing on guarding the best interest of the Bank's shareholders. As part of this commitment, the Board has established several sub-committees, each equipped with a comprehensive oversight framework to govern risk management, audit, information technology and other crucial functions vital for accomplishing the Bank's strategic goals.

The banking sector grapples with escalating Credit, Operation and Cyber threats. In response to these challenges and in alignment with the strategic advice and guidance provided by the Board, the Bank's management upheld prudent financial management practices. This strategic approach enabled the Bank to successfully navigate through uncertainties, ensuring its continued positive contribution to the growth of the Islamic financial system in Pakistan.

Political stability is indispensable for effective governance, instilling confidence among investors, facilitating strategic planning and fostering sustainable economic growth. Despite challenging macroeconomic conditions, the Bank achieved unparalleled performance, maintaining a robust financial standing in alignment with its strategy. This strategy emphasizes business growth, strengthening core deposits, optimizing balance sheet spreads and deploying funds efficiently, all while prioritizing innovative and effective customer support services. Furthermore, the Bank is actively embracing a digital transformation journey to meet the evolving needs of an increasingly digitalized financial sector.

As we reflect on the accomplishments of 2023, it emerges as a commendable year marked by our dedication to excellence and unwavering resilience. This commitment was evident not only in our robust financial performance but also in the enduring trust of our expanding and loyal customer base. On behalf of the Board, I extend our gratitude to regulatory bodies, including the State Bank of Pakistan, Securities and Exchange Commission of Pakistan and Federal Board of Revenue for their valuable assistance, support and cooperation. Heartfelt thanks to our esteemed shareholders for their unwavering confidence in our long-term strategic objectives. Your support and encouragement inspire us to reach greater heights of success. I would also like to express appreciation to our customers for their continued trust and confidence in MCB Islamic Bank and the cause of Islamic banking in Pakistan. As we envision 2024, despite the challenges facing the national economy, I am optimistic about the Bank's continued strong position for sustainable growth and enhanced value for our shareholders.

> RAZA MANSHA Chairman

In the midst of a global landscape marked by the challenges of a pandemic, Russia's invasion of Ukraine, regional conflicts in the Middle East and persistent cost-of-living concerns, the world economy has demonstrated remarkable resilience. Despite disruptions in food and energy markets, the complexities of global monetary policy adjustments to curb inflation, the withdrawal of fiscal support amidst mounting debt and the impact of extreme weather events, the global economy has navigated these obstacles, experiencing a slowdown without coming to a standstill. As we conclude this year, we take pride in our Bank's unwavering commitment to overcoming adversities while maintaining a customer centric approach for the benefit of all our stakeholders.

Despite the challenging macroeconomic environment domestically, the year 2023 stands out as a transformative period for MCB Islamic Bank (the Bank). This transformation is evident not only in the substantial growth in our business performance and profitability, setting unprecedented records that have exceeded market expectations, but also in our elevated standing in the marketplace. The Bank has achieved its highest-ever Profit Before Tax of Rs. 10.6 billion marking a remarkable 3.3 times from the previous year. This commendable growth is the result of adept execution of our strategic plans, aimed at meeting and surpassing the high expectations of our valued shareholders.

The Bank's assets experienced impressive growth, expanding by 34% to reach Rs. 267 billion compared to the previous year. In 2023, investments soared by an impressive 82% showcasing the Bank's prudent approach to enhancing profitability while maintaining a robust Capital Adequacy ratio, which closed at 23.79%. Notably, average current deposits witnessed a substantial growth of Rs. 13.5 billion (+33%) during 2023, driven by a strategically focused initiative. The operating income surged to Rs. 18.9 billion, marking an impressive 102% increase attributed to strong volumetric growth in current deposits and favorable movements in the yield curve. Despite facing exceptional inflationary pressures and rupee devaluation, the Bank successfully limited the rise in operating expenses to 24% compared to the previous year, thanks to effective management controls. Return on Assets and Return on Equity showed improvement over the last year, standing at 2.31% and 27.70% respectively.

In 2023, the Bank maintained a strategic focus on growing its no-cost current account base, a key objective contributing to its overall expansion. Non-remunerative deposits witnessed a significant 27% growth, reaching Rs. 63.4 billion, thereby enhancing their proportion to 31% of total deposits by December 31, 2023. The Current Account-Savings Account (CASA) concentration achieved a notable 74%. Furthermore, the Bank achieved a significant milestone as its total deposits surpassed Rs. 200 billion, reaching Rs. 204.5 billion.

In a strategic collaboration with MCB Bank, we introduced a pioneering initiative allowing our customers to use MCB

Bank counters for selected transactions. The customer response has been overwhelmingly positive. As we move into 2024, our focus is on maximizing the potential of this unique First-Time-In-The-Market facility, aiming to expand our market share significantly.

The Pakistan Credit Rating Agency (PACRA) has affirmed the Bank's robust financial standing, maintaining its medium to long-term rating at 'A' and short-term rating at 'A-1' with a stable outlook. Throughout the year, the Bank strategically expanded its ATM network by installing over 150 more secured new ATMs, including the replacement of 116 aging ones. This initiative resulted in a total of 225 ATMs, aligning with the 1:1 ratio set by the State Bank of Pakistan (SBP) guidelines. This proactive effort not only modernizes our ATM infrastructure but also ensures compliance with regulatory standards, providing enhanced secured banking services to our customers.

The Bank's management is dedicated to advancing its standing among Islamic banks through a strategic focus on digital banking, the development of customer-centric products, an extended branch network and a strong emphasis on recruiting and retaining high-potential talent. This comprehensive strategy underscores the commitment to technological innovation, customer satisfaction, and market expansion and talent management, demonstrating our resolve to attain ambitious objectives.

The Bank recognizes its human resources as a critical asset, appreciating their professionalism and dedication. Acknowledging the significance of attracting and retaining skilled talent, the Bank continues to invest in ongoing staff development and engagement programs. This strategic approach ensures that the workforce stays abreast of emerging skill sets. The positive response from the job market reflects a growing interest in MCB Islamic, highlighting the effectiveness of the Bank's commitment to continuous workforce development.

In conclusion, the results showcase that we are on the right growth journey equipped with the right talent to consistently deliver value for our stakeholders. I extend my sincere appreciation to the Chairman and Board of Directors for their leadership and ongoing guidance. I would also like to thank to the State Bank of Pakistan, Securities & Exchange Commission of Pakistan, other regulatory authorities and the Shari'ah Board for their consistent guidance and support. The dedication of our team members in realizing the Bank's vision and preparing for substantial growth in the upcoming months and years is duly acknowledged. The commitment and hard work of our team strengthen our determination to serve the Bank's valued customers with increased diligence, interest and passion. Through our dedication, teamwork and shared purpose, I am confident that we will surpass expectations and fulfill the needs of our shareholders, customers, employees and regulators, In Sha Allah.

PERFORMANCE REVIEW

In 2023, the Pakistani banking industry demonstrated remarkable resilience amid formidable challenges, including soaring inflation, climate change-related costs, economic stagnation, and political uncertainty.

In this context, our Bank proactively navigated the complexities of the economic and operational landscape, adhering to a strategic framework centred on consistent growth. This involved leveraging low-cost deposit mobilization, timely investment ventures, and adherence to prudent financing practices. Underpinned by an efficient organizational structure, robust risk management, and stringent regulatory compliance, the Bank reported a commendable profit before tax of Rs. 10.57 billion for the year ending December 31, 2023, Alhamdulillah.

As of December 31, 2023, the Bank's Deposits surged to Rs. 204 billion, reflecting an impressive 33% growth compared to Rs. 154 billion as of December 31, 2022. The Bank's Current and Saving Account (CASA) mix stands at a healthy 74%, with non-remunerative Deposits comprising 31% of the total deposit mix. Notably, the Bank achieved substantial growth in Current Accounts by Rs. 13.33 billion (27%) during the year. Emphasizing Islamic Banking, we continue to reach potential non-banked customers through a diverse range of Islamic Banking products, ensuring service excellence.

Total assets witnessed a significant 34% increase, reaching Rs. 267 billion as of December 31, 2023, compared to Rs. 199.04 billion a year prior. The net Financing position closed at Rs. 89.35 billion, demonstrating prudent financial management, while investments rose to Rs. 132.54 billion. The Bank's Capital Adequacy increased by 3.38% points, concluding at 23.79%. The management maintains unwavering focus on efficient capital management, superior asset quality, and a high-yielding portfolio.

Throughout the year, the Bank generated an operating income of Rs. 18.92 billion, achieving a return on earning assets at 17.69%, with a net spread of 8.51%. However, operating and other expenses rose by 27% due to heightened inflation and Rupee devaluation. This escalation is vigilantly monitored through effective management controls to sustain profitability.

In light of these developments, the Bank's profit and loss statement sustained an after-tax profit of Rs. 5.153 billion for the year, a notable improvement from Rs. 1.548 billion in the previous year. Earnings per share after tax rose to Rs. 3.314 for the year under review, compared to Rs. 1.125 in the prior year.

CREDIT RATING

Pakistan Credit Rating Agency (PACRA) has reaffirmed the Bank's medium to long-term rating as 'A' and the short-term rating as 'A-1,' maintaining a stable outlook.

ECONOMIC REVIEW

In the face of a challenging global economic landscape marked by tight monetary policies, restricted financial conditions, and sluggish global trade growth, the economy has shown resilience and continues to soften. The recent conflict in the Middle East has elevated geopolitical risks and introduced uncertainty in commodity markets, adding to the persistent effects of the COVID-19 pandemic, the Russian Federation's invasion of Ukraine, and the surge in global inflation. The International Monetary Fund (IMF) projects a gradual decline in global inflation from 8.7% in 2022 to 6.9% in 2023, accompanied by a deceleration in global growth from 3.5% in 2022 to 3% in 2023.

Within the Pakistani economic landscape, the fiscal year 2023 posed significant challenges, including mounting inflation, escalating fuel prices, considerable currency devaluation, political uncertainty, rising policy rates, and a substantial budget deficit. However, the last five months of 2023 witnessed a remarkable performance on the Pakistan Stock Exchange (PSX), signaling improved economic health and a positive outlook for the ongoing fiscal year. IMF's growth estimation for Fiscal Year (FY) 2023 is negative 0.5% against 6.0% of 2022.

Despite these challenges, the real interest rate remains positive and Fitch Ratings upgraded Pakistan's Long-Term Foreign-Currency Issuer Default Rating (IDR) from 'CCC-' to 'CCC,' reflecting enhanced stability during the year. The successful completion of the IMF Pakistan's Stand-By Arrangement program's first review unlocked financial inflows, slightly improving the State Bank of Pakistan (SBP)'s FX reserves.

In December 2023, the National Consumer Price Index (CPI) recorded a year-on-year increase to 29.7%, compared to 24.5% the previous year. Although the CPI remained elevated, there was a slight decline of 1.7% from the peak of 31.4% in September 2023. SBP responded to inflationary pressures by implementing a cumulative 600 basis point increase in the policy rate, reaching 22% in 2023. This significant hike aimed to curb aggregate demand and counter high inflation, contributing to a noticeable uptick in domestic food prices.

Large Scale Manufacturing in July-October FY 2024 contracted by 0.4% compared to the same period last year, driven by declines in various sectors, including Food, Beverages, Coke & Petroleum Products, Wearing Apparel, Leather, Chemicals, Pharmaceuticals, Non-Metallic Mineral Products, Rubber Products, Fabricated Metals, Machinery and Equipment, among others.

On the external front, during July-December FY 2024, the Current Account deficit recorded a significant reduction to USD 831 million, down from USD 3.63 billion in the same period the previous year. This improvement was attributed to stricter import policies and administrative measures. Exports increased by 7.5% to USD 15.3 billion, while imports declined by 14.7% to USD 25.2 billion, resulting in a narrowed trade deficit of USD 9.9 billion, compared to USD 15.4 billion the previous year. Workers' remittances amounted to USD 13.4 billion, reflecting a 6.8% decrease. Foreign exchange reserves stood at USD 12.7 billion as of December 31, 2023, with a depreciation of more than 24% in the exchange rate year-on-year.

On the fiscal front, the overall deficit marginally contracted during the period July-October FY 2024, recording 0.8% of GDP (Rs. 861.7 billion), compared to 1.5% of GDP (Rs. 1,265.8 billion) in the same period the previous year.

The KSE-100 Index closed at 62,451.04 points on December 31, 2023, representing an upward shift by 22,030 points from December 31, 2022.

The assets and deposits of the Islamic banking industry experienced significant growth, with an increase of Rs. 1,188 billion and Rs. 999 billion, respectively during the period of January to September 2023. The total assets and deposits recorded a substantial rise of 16% and 19%, reaching Rs. 8,417 billion (with a market share of 19.6%) and Rs. 6,160 billion (with a market share of 22.5%), respectively. Additionally, the branch network expanded, closing at 4,666 branches by the end of September 2023.

RISK MANAGEMENT

The Risk Management Framework includes governance, organizational structure, policies, procedures, risk assessment techniques, systems, early warning indicators, and reporting mechanisms. Aligned with the Board's strategy, the independent Risk Management Function follows international best practices and SBP guidelines, ensuring rigorous measurement, analysis, control, and monitoring of risks.

The Risk Management & Portfolio Review Committee, a subcommittee of Board and Management Finance Committee provide guidance on credit, market, operational, and fraud risks. The Bank is confident in its risk-bearing capacity to withstand challenges in the business environment.

Market risk is managed through Basel ratios, Internal Capital Adequacy Assessment, behavioral studies, and stress testing. The Bank actively ensures compliance with SBP's instructions for implementing International Financial Reporting Standard 9.

Asset Liability Management, Liquidity Strategy, and Contingency Funding Plan ensure timely liquidity and optimal contribution to profitability. The Asset Liability Committee oversees assets and liabilities management.

Operational risk is managed through diverse data collection mechanisms, including operational losses, near-miss events, control breaches, and risk control exercises. Business continuity and disaster recovery planning are regularly reviewed, with staff training for risk awareness.

Dedicated departments manage fraud risk, including a '24x7 fraud detection unit' for proactive tracking of digital banking transactions. IT security risks are mitigated through automated solutions, risk assessments, access reviews, and continuous monitoring via a 24x7 Security Operations Centre.

The Bank addresses Shari'ah Non-Compliance Risk through dedicated oversight by the Shari'ah Board, Shari'ah Compliance Department, Shari'ah Audit Department, and the Shari'ah Non-Compliance Risk Management Committee to ensure conformity with Shari'ah principles.

STATEMENT ON INTERNAL CONTROL

The Board is pleased to support the management's statement regarding internal controls, including management's assessment of the Internal Control over Financial Reporting (ICFR). The Management's Statement on Internal Control is featured in the Annual Report.

STATEMENT UNDER CODE OF CORPORATE GOVERNANCE AND SECTION 227 OF COMPANIES ACT 2017

The Board is dedicated to ensuring full compliance with the Corporate Governance requirements outlined by the Securities and Exchange Commission of Pakistan. The Bank adheres to sound Corporate Governance practices, and the Directors are pleased to report the following:

- The financial statements accurately represent the Bank's state of affairs, operations, cash flows, and changes in equity.
- Proper books of accounts have been diligently maintained.
- Consistent application of appropriate accounting policies in financial statement preparation, with reasonable and prudent judgment in accounting estimates.
- Adherence to International Financial Reporting Standards applicable to banks in Pakistan, with any deviations adequately disclosed.
- No material departure from best practices of Corporate Governance.
- No significant doubts about the Bank's ability to continue as a going concern.
- Transfer of Rs. 1,030.7 million profit to Statutory Reserve for the year 2023.
- A soundly designed and effectively implemented Internal Control System.
- MCB Bank Limited (Parent Bank) holding 1,554,999,993 shares of the Bank as of December 31, 2023, with non-executive directors holding 07 shares each.
- Statement of Compliance with Code of Corporate Governance included in the Annual Report.
- Composition of the Board detailed in the Corporate Governance Section.
- Committees of the Board, along with their Terms of Reference, disclosed separately.
- Details of the number of Board and committees' meetings held during the year, along with attendance by each Director, disclosed in the Corporate Governance Section.
- Names of individuals who were directors during the financial year disclosed in the Corporate Governance Section.
- Details of remuneration of Chairman, President/CEO, and Non-Executive Directors, including independent Directors, disclosed in note 37 of the financial statements.
- Non-executive directors receive reasonable remuneration for attending meetings, avoiding compromise of independence.
- No fee is paid to Directors who do not attend meetings, and no fee for resolutions considered through circulation.
- Details of directors' training programs outlined in the Statement of Compliance with the Code of Corporate Governance.
- Presentation of key operating and financial data for the last five years in the Annual Report.
- The value of investments of the Bank's Provident Fund, based on unaudited accounts at December 31, 2023, amounted to Rs. 610.7 million.
- No overdue statutory payments on account of taxes, duties, levies, and charges.

CHARITY FUNDS MANAGEMENT

Charity stands as a fundamental pillar in fostering a thriving society, and the Bank upholds its commitment to giving back, aligning with the principles of Ihsan in Islam, both directly and indirectly.

To discourage system misuse, customers are required to contribute to a charity account in case of late payments. Additionally, during Shari'ah audits, if a transaction is found to deviate from the defined Shari'ah compliance process, the income from such a transaction is directed to the charity account. In 2023, a total of Rs. 15.5 million was disbursed from the charity account on behalf of customers to allocate funds to various charitable organizations, as elaborated in Note 19.2 of the Financial Statements.

TRADING OF SHARES OF THE BANK

The Bank is presently a non-listed entity; therefore, no transactions involving the shares of the Bank were executed by the Directors, executives, or their spouses and minor children during the year 2023.

AUDITORS

The outgoing auditors, M/s. A. F. Ferguson & Co., Chartered Accountants, who are eligible for reappointment, have expressed their willingness to continue for the next term. Following the recommendations of the Audit Committee, the Board endorses the reappointment of M/s. A. F. Ferguson & Co., Chartered Accountants, as the statutory auditors for the financial year ending December 31, 2024.

FUTURE OUTLOOK

The global economic outlook is poised to further decelerate this year, marked by ongoing impacts of tight monetary policy, financial constraints, and sluggish trade and investment. Potential risks include Middle East conflict escalation, financial stress, persistent inflation, China's economic activity, trade challenges, and climate-related disasters. IMF anticipates a global inflation drop from 5.9% in 2023 to 4.8% in 2024, alongside growth forecasts of 2.9% (IMF) and 2.4% (World Bank) for 2024, marking a potential fourth consecutive weakest year in three decades.

Domestically, Pakistan aims for political stability, fiscal deficit reduction, and positive real interest rates. Regulatory measures, a favourable agriculture outlook, and eased supply chain constraints may curb inflation, projected to decrease to 18.5% by end-June 2024. IMF's review of Pakistan's economic reform program unlocks around USD 700 million, enhancing financial inflows and FX reserves. Comprehensive fiscal reform is vital for economic recovery. IMF forecasts 2.5% GDP growth in 2024 and 3.6% in 2025, contrasting with the World Bank's projections of 1.7% growth in 2024 and 2.4% in 2025.

As digital financial services gain traction, the banking sector faces heightened risks like credit, operations, and cyber threats. Strategic risk management improvements are crucial to address evolving risks effectively.

In the face of challenges, our commitment to sustainable growth remains unwavering. Leveraging recent momentum, we prioritize enhanced profitability through strategic initiatives—acquiring cost-effective deposits, optimizing high-earning assets, and advancing digitization. Simultaneously, our focus extends to robust IT enhancements, elevated staff satisfaction, and best-in-class management practices. As we navigate complexities, we forge ahead, confident in our ability to thrive and lead in the ever-evolving landscape of banking and finance.

ACKNOWLEDGMENT

On behalf of the Board and management, we extend heartfelt appreciation to our valued customers, esteemed business partners, and dedicated shareholders for their unwavering patronage and trust. We extend our gratitude to the State Bank of Pakistan, Securities & Exchange Commission of Pakistan, other regulatory authorities and Shari'ah Board for their consistent guidance and support. The Board sincerely commends the invaluable contributions of our dedicated staff members, whose commitment has played a pivotal role in fostering the growth of our franchise, even amid challenging business conditions.

كرير الشياك:

پاکستان کریڈیٹ رٹینگ ایجننی (پاکرا) نے بینک کی منتخکم پیش بنی کو ہر قرار رکھتے ہوئے ،اسکی در میانی سے طویل المدت کی رٹینگ کواے (A)اور قلیل المدت کی رٹینگ کواے ون (A-1) کی سطح پر مقرر کیاہے۔

معاشى جائزه:

ایک مشکل معاشی منظرنامے، جس میں کڑی مالیاتی پالیسیاں، محدود مالیاتی حالات اور عالمی تجارت کی نمو میں ست رفتار ترفی شامل ہیں، سے نبر د آزمامعیشت پک کے مظاہر ہے اور اپنی جاذبیت کو بر قرار رکھے ہوئے ہے۔ مشرق وسطیٰ میں وقوع پذیر تنازعے سے جضرافیا کی وسیاسی خدشات میں اضافہ ہوااور اجناس کی منڈیوں میں غیر بھینی کے آغاز کا باعث بنا جس سے کووڈ 19- کی عالمگیر و باء کے جاری اثرات، رشین فیڈریشن کے یو کرین پر قبضے اور بڑھتے عالمی افراطِ زرجیسے پہلے سے موجود مسائل میں مزید اضافہ ہوا۔ عالمی مالیاتی فنڈ (آئی ایم ایف) نے عالمی افراطِ زر میں بندر تے کمی کا تخمینہ لگاتے ہوئے اس کی شرح میں سال 2023ء کہ قیصد تک سطے سے کمی کی توقع کرتے ہوئے سال 2023ء تک 6.9 فیصد تک آنے کی اُفریخ طاہر کی ہے۔ آنے کی اُفریخ طاہر کی ہے۔

پاکستان کے معاثی منظر نامے کی حد تک ،مالی سال 2023ء میں نمایاں خدشات در پیش رہے جن میں مسلسل بڑھتے افراطِ زر، آسان کو پھوتی تیل کی قیستیں، کرنسی کی قدر میں نمایاں فرسودگی، سیاسی غیریقینی، پالیسی ریٹس کے اضافوں اور خاطر خواہ بجٹ خسارے جیسے عوامل شامل ہیں۔ تاہم، سال 2023ء کے گزشتہ 5 مہینوں کے دوران، پاکستان اسٹاک ایکھینج انڈیکس میں شاندار کار کردگی دیکھی گئی جو کہ بہتر ہوتی معاشی حالت اور اس رواں مالی سال میں شبت پیش بنی کا اشارہ ہے۔مالی سال 2023ء کے لیے آئی ایم ایف نے نمو کا تخیینہ سال 2022ء کی 6.0 فیصد پر توقع کیا ہے۔

ان خدشات کے باوجود، حقیقی انٹر سٹ ریٹ میں مثبت روش بر قرار رہی اور فیج (FITCH)ریٹنگزنے پاکستان کی طویل المدت فارن کر نبی اشو کرڈیفالٹ رٹینگ (آئی ڈی آر) (Long Term Foreign Currency Issuer Default Rating)کواس سال کے دوران مستظم کرتے ہوئے منفی ٹربل سی (CCC-) سے بہتری کے ساتھ ٹربل سی (CCC) پر مقرر کردیا۔ آئی ایم ایف کے پاکستان کے لیے اسٹینڈ بائی ارینجنٹ پروگرام کے پہلے جائزے کی کامیاب پیجیل کی بدولت مالیاتی ان فلوز میں حاکل رکاؤٹوں کے خاتمے سے اسٹیٹ بینک آف پاکستان کے غیر ملکی کرنسی کے ذخائر میں قدرے بہتری نظر آئی ہے۔

SERVICE QUALITY

We at MCB Islamic Bank are Shariah driven and conduct our activity in a fair, ethical and responsible manner. Our Bank's vision and mission statement revolves around providing quality services and superior value to our customers.

The Bank has a Service Quality Review Committee, chaired by the President & CEO along with senior management of the Bank to monthly review branch network, phone banking and complaint management and the Banks service performance. The committee offers supervision, direction and leadership to address improve service delivery.

Fair Treatment of Customer (FTC) is also core function of Service Quality. Through FTC, we ensure that our customers enjoy a great degree of trust and confidence while dealing e with MCB Islamic Bank. Our struggle is to recognise as a fair, honest and ethical Shari'ah Compliant Financial Institution and to nurture a culture of practicing fair treatment towards our customers to enable them to improve their financial knowledge and skills to make the right financial decisions.

Service Quality is responsible for capturing customer experience through various service techniques and improve bank's processes/policies in conjunction with industry norms and SBP requirements. By amassing and analysing all this information, we attempt to periodically improve our customer services which was done by revamping our Service Quality manual based on RATER model. This comprehensive approach aims to enhance SQ through strategic initiatives, ensuring our well rounded understanding and commitment to exceptional service delivery.

A dedicated specialized Complaint Management Unit is in place to resolve grievances of our valued consumers. All our customers have the option of registering their complaints and providing their feedback at any of our branches across the country, via 24/7 phone banking centre, website, letter/fax and email. Moreover the newly added complaint lodgement/feedback channels are Social Media, Internet Banking and Mobile App. We focus heavily on staff training and emphasize the importance of recording complaints through all available mediums in the Bank, mainly (but not limited to) ATM screens, website & through awareness SMS and emails; along with brochures available in our branches.

Complaint management process at the Bank is kept as transparent as possible through registration, acknowledgement, and interim response where applicable, resolution and root cause analysis of recurring complaints. Our Bank has a complaint escalation Mechanism as well whereby all complaints are escalated to the senior management if not resolved within the stipulated timeline. Further, 14,635 complaints were received by the Bank in 2023 and total 14,672 complaints were resolved as of 31 December 2023 and the average time taken to resolve those complaints was 6 working days.

GREEN BANKING INITIATIVES

As its Green Banking Strategy, MCB Islamic Bank aims to:

- Meet its responsibilities for the protection of the environment and adapt to environmentally and socially responsible banking practices that promote Green Banking Culture across the organization. In this regard, Bank wide communication for sensitizing the staff is regularly disseminated.
- Setup its branches and offices in such a way that their operations use minimum energy and other resources and have minimum impact on the environment. Solar power solution is partially applied at 2 selected locations in Lahore and initially 5 branches have been fully converted to Renewable Energy Source (Solar).
- Contribute to the economic system by conscious efforts to avoid Environmental and Social Impacts via environmentally and socially responsible financing. The Bank understands the importance of considering the inherent environmental and social risks of a customer's business before establishing relationship. A relationship is regularly reviewed for a reasonable assurance of ongoing compliance with applicable environmental and social requirements as well as management of emerging risks.
- Focus on capacity building of staff to develop a better sense of Green Banking, Environmental and Social Risks. Green Banking training to 2067 participants has been imparted during the year 2023.

REMUNERATION POLICY

MCB Islamic Bank believes in implementing fair human resource and compensation strategies to support and enhance its strategic objectives, aligned with organizational compulsions and aspirations.

The Bank's Remuneration Policy is designed to foster a risk-aligned compensation culture transparently, ensuring talent acquisition and retention, while meeting economic viability in line with stakeholder expectations. Applicable to all staff, this policy strengthens compensation practices, aligning with SBP's 'Revised Guidelines on Remuneration Practices of Banking Companies - 2017' and international best practices. The framework emphasizes objectivity and transparency, promoting a culture of pay-for-performance to enhance motivation, engagement, and retention. It includes provisions for identifying Material Risk Takers (MRT) and Material Risk Controllers (MRC), performance assessment through balanced scorecards, and a structured compensation and deferral mechanism.

The Board of Directors holds the authority to approve the Remuneration Policy. For this purpose, the Human Resource and Remuneration Committee (HRRC) is formed to recommend the policy's structure, including remuneration setting, composition, and related matters to the Board. At the management level, the HR function oversees the overall remuneration policy.

Staff compensation comprises fixed and variable components. Fixed remuneration, including Basic Salary, allowances, perks, and benefits, is guaranteed and determined by factors like qualifications, experience, position criticality, organizational needs, functional title, and market benchmarks. Variable remuneration is linked with performance factors such as Bank strategy, business growth, financial targets, profitability, annual performance ratings, and cost minimization. It is linked to individual performance and includes components like Performance Bonus, commissions, incentives, and allowances.

The bank designates certain functions and positions as MRTs and MRCs. MRT functions encompass roles such as President/CEO, Key Executives, direct reports to the President/CEO, and specific senior functional positions.

MRC functions in the bank are responsible for identifying and mitigating risks. They operate with appropriate autonomy and authority, performing tasks independently with a clear line of responsibility and no influence from the functions they review. To maintain independence, the performance appraisal of MRC staff is conducted independently of the business or risk-taking MRT functions under review.

Variable salary differentiation is based on individual Performance rating, Categories (MRT/MRC/etc.), and Grade hierarchy. These factors ensure that variable pay serves as a meaningful indicator of performance and the employee's role.

Balanced Score Cards are established for MRTs & MRCs to conduct objective and transparent performance evaluations. These include Goals, Key Performance Indicators (KPIs), and financial & non-financial targets. Progress against KPIs is reviewed between the President and direct reports. Merit-based increases in fixed salary use a matrix formula, and variable compensation is derived from individual performance scores based on actual achievements against KPIs, goals, and targets.

As part of the remuneration mechanism, a portion of variable pay will be mandatorily deferred for two and three years for MRC and MRT, respectively. This ensures alignment between employee and stakeholder interests, reinforcing the link between long-term sustainable performance and individual compensation.

ٱلْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِيْنَ وَالصَّلَاةُ وَالسَّلَامُ عَلَى خَاتَمِ الْأَنْبِيَآءِ وَالْمُرْسَلِيْنَ وَعَلَى اللهِ وَصَحْبِهِ ٱجْمَعِيْنَ ٱمَّا بَعْدُ

The Shari'ah Board hereby present its annual report on the affairs of MCB Islamic Bank Ltd.

The Shari'ah Board (SB) of MCB Islamic Bank Ltd. (the Bank) was constituted in September, 2015. Currently Shari'ah Board comprises of respected Prof. Mufti Munib-ur-Rehman as a Chairman Shari'ah Board, Mufti Syed Sabir Hussain as a Resident Shari'ah Board Member (RSBM) and Mufti Nadeem Iqbal as a Member Shari'ah Board. All Shari'ah Board Members remain available throughout the year and number of meetings were held through audio and video conferencing. In addition to that, four formal meetings of the Shari'ah Board were held during the year 2023 on the following dates to review various matters which apart from other matters, include new products and services, product modifications, transactions, structures, processes and Shari'ah issues, referred to them:

First Shari'ah Board Meeting
 Second Shari'ah Board Meeting
 Third Shari'ah Board Meeting
 Fourth Shari'ah Board Meeting
 Dec 19, 2023

The important thing, which creates differences between the governance of Islamic and conventional banking institutions, is the Shari'ah Board, it plays an additional role in governance of institutions. Furthermore, Shari'ah Compliance mechanism ensures the implementation of Shari'ah Board instructions and guidelines not only in products and services but also in overall environment of the Islamic bank which could have a positive impact on performance of it. All decisions, rulings, instructions & guidelines and fatawá of the SB are binding on the Bank.

In order to assist the SB to supervise all these matters throughout the year, the Shari'ah Compliance Department (SCD), apart from the SB meetings, closely coordinated with SB. Shari'ah Compliance is an ongoing process carried out throughout the year. This resulted in the continuous involvement of SB on Shari'ah affairs of the Bank as well as enabled them to approve, by way of circulation, different matters in a timely manner.

 While the Board of Directors and Executive Management are solely responsible to ensure that the operations of the Bank are conducted in a manner that comply with Shari'ah principles at all times, we are required to submit a report on the overall Shari'ah compliance environment of the Bank. During the year 2023, Shari'ah Board – Board of Directors' Meeting held on the following dates::

First Shari'ah Board - Board of Directors' Meeting - April 26, 2023
Second Shari'ah Board - Board of Directors' Meeting - December 19, 2023

- 2. To form our opinion as expressed in this report, the Shari'ah Compliance Department (SCD) of the Bank carried out reviews of each type of transactions on sample basis, product, process flow/ modus operandi and concepts under the supervision of RSBM/Head Shari'ah Compliance. SCD kept Shari'ah board informed regarding Shari'ah compliance review activities of branches and back offices of the Bank. A list of branches for Shari'ah compliance review was approved by the Shari'ah Board. In this regard, 128 branches have been reviewed for Shari'ah compliance and compliance has been observed regarding non-branch entities as per Shari'ah Compliance Program approved by SB. In order to enhance the level of knowledge on Islamic Banking and Finance of Bank's staff; Shari'ah trainings were made mandatory for entire staff of the Bank with the coordination of Learning & Development Department (L&D HRG). Furthermore, RSBM/Head-SCD and SCD's staff made surprise visits to 19 branches at South and North regions to ensure regulatory and Shari'ah compliance. Subsequently, report presented to Board of Directors and Shari'ah Board.
- 3. Islamic Banks are fundamentally very different from their traditional counterparts out of a variety of angles. The basic rule for Islamic bank is adherence to Shari'ah, and in case of divergence from it, raises the probability of Shari'ah Non-Compliance that is very important besides observance of banking regulations. So, to maintain and increase the confidence of customers, Shari'ah compliance plays a vital role in this regard. So far, to ensure the Shari'ah compliance five (5) Instructions & Guidelines and Seven (7) Fatāwá by the Shari'ah Board of the Bank are in vogue without any changes. Instructions & Guidelines and Fatāwá issued by the Shari'ah Board are being implemented in the Bank in true letter and spirit.

- 4. SCD with the coordination of management and under the supervision of RSBM/Head Shari'ah Compliance has reviewed various Product documents. The SCD conducted review of 128 branches plus made surprise visits of 19 benches and subsequently issued reports to relevant branches. Additionally, SCD conducted Shari'ah compliance review of back offices to ensure that the Bank's operations are in line with Shari'ah principles. SB has reviewed and approved 46 modus operandi out of which 25 for Corporate Banking, 15 for Commercial Banking, 06 for SME Banking. As far as modes are concerned, , 09 pertain to Diminishing Mushārakah, 18 for Finished Goods Murabahah & Murabahah, 1 for Ijārah, 1 for Istisnāh, 1 for , Mushārakah Running Finance and 1 for Currency Salam in the year 2023.
- 5. SCD has also facilitated Islamic Banking training sessions for the front and back offices staff of the Bank in order to comply with regulatory instructions. L&D not only arranged class room sessions but also arranged virtual session through different available modes. Online Islamic Banking training modules were also available at Learning Management Systems (LMS) for the easy access of Islamic Banking knowledge to staff. L&D found determined to adhere with the regulatory requirement on training of staff on Islamic Banking & Finance. Therefore, number of session were arranged for the capacity enhancement of staff with the facilitation of SCD. A combination of both Classroom & Virtual sessions were adopted to fulfill the need of outreach branches for Islamic Banking trainings.
 - Moreover L&D-HRG has taken initiatives to establish an effective and comprehensive Islamic Banking training mechanism in compliance with IBD Circular No. 02 of 2018, Dated: Jun 29, 2018, "Enhanced Training & Capacity Building Measures for Islamic Banking Institutions (IBIs)" issued by Islamic Banking Department, State Bank of Pakistan, for the Bank's front and back offices staff at all levels. SCD's staff facilitated as internal trainers on the Shari'ah related training initiatives during the year. Furthermore, alongside regulatory requirements of executive management Shari'ah trainings, L&D and SCD have jointly developed Islamic Banking & Finance Module and AAOIFI Shari'ah Standards Module for capacity building of Executive Management.
- 6. SCD has taken all necessary required actions in order to comply with the SBP-IBD Circular No. 01 of 2021, Dated: June 14, 2021, Shari'ah Non-Compliance Risk Management (SNCRM). SCD has ensured that SNCRM should be an essential element of Bank's overall Risk Management Framework. SCD shall report all Shari'ah Non-Compliance events and transactions to the Risk Management & Portfolio Review Committee of the Board & Shari'ah Non-Compliance Risk Management Committee as well as to the Shari'ah Board on a quarterly basis. As far as monitoring of SNCRM is concerned, a Management Committee with the title of Shari'ah Non-Compliance Risk Management Committee has been formed under Chair of President/CEO and representation form all Groups. This committee is responsible for close monitoring of Shari'ah Non-Compliance Risk at the operational / management level. Regular meetings of all committees are being conducted and SCD reports all Shari'ah Non-Compliance events and transactions to the said committees.
- 7. Shari'ah Board praises and encourages the continuous, comprehensive & profound efforts and commitment of the Bank's Board of Directors and the Management regarding implementation of all Fatāwá and instructions & guidelines issued by the Shari'ah Board.

RECOMMENDATIONS

Based on the observations made through Shari'ah review reports and Shari'ah Compliance checks, it is recommended that:

- i. In the future, there shall be more Shari'ah Training in compliance with regulatory requirements. Furthermore, Shari'ah Board strongly recommends classroom Shari'ah training sessions for all staff members for better understanding of concepts of Islamic Banking. The arrangement of purpose built training locations should be ensured so that participants could get more & more benefits.
- ii. More focus is needed on practical aspects and document execution of products of Treasury, Corporate, Commercial & SME and Trade Operations of the Bank. It is also strongly recommended to ensure mandatory Product & Shari'ah trainings of the back office.
- iii. Arrange general public awareness programs like, Seminars, Workshops and Question & Answer Sessions from the Bank's platform for building up the true image of Islamic Banking & Finance as well as creating awareness / removing misconception about Islamic banking.
- iv. Shari'ah Board recommends the participation of representatives of all groups of Bank including Shari'ah Board in national & international conferences which will be beneficial for the Bank's brand image and capacity enhancement of the Bank's staff.

- v. Shari'ah Board suggests the offering of Shari'ah advisory services to non-banking financial institution to contribute in Islamization of whole economy in line with the verdict of Federal Shari'ah Court dated 28th of April, 2022 on its Judgement on Riba.
- vi. It is also suggested that Bank may offer its services to Government entities to Islamize their operations.
- vii. Continuity of Shari'ah trainings of the Bank's higher management.
- viii. Continue with Microfinance activities and the Bank should encourage the Islamic Microfinance due to its requirement in the country. Through Islamic Microfinance, Islamic Banking Industry can penetrate at grass-root level to facilitate micro level traders. It will increase the level of awareness of Islamic banking at micro level.
- ix. As far as internal environment of the Bank is concerned, all staff members of front and back offices are strongly recommended to follow the proper dress code strictly, which should be in line with the Bank Dress code policy, cultural norms, and reflect due modesty as required by the dictates of Shari'ah. It is recommended to take disciplinary action in case of violation of Dress Code Policy.
- x. It is suggested to consider transitioning the significant customer portfolio to Takāful, which adheres the Islamic principles.
- xi. It is strictly instructed to address remaining unresolved issues related to Mushārakah Running Finance, particularly with government entities. Additionally, the consideration of profit distribution arrangements, particularly in cases of placement with other banks, is encouraged for resolution.
- xii. Collect the outstanding charities with different customers or obtain formal Shari'ah Board approval in case of exemption and deferral as per approved charity policy of the bank.

CONCLUSION

Shari'ah Board has reviewed & advised corrective measures on SBP Inspection Report. The External & Internal Shari'ah Audit & Shari'ah Compliance Inspection reports and is of the view that:

- i. The Bank has complied with Shari'ah rules and principles in the light of Fatāwá and Instructions and Guidelines issued by Shari'ah Board.
- ii. The Bank has complied with SBP Inspection report in true letter and spirit.
- **iii.** The Bank has complied with directives, regulations, instructions and guidelines related to Shari'ah compliance issued by SBP in accordance with the rulings of SBP's Shari'ah Advisory Committee.
- iv. The Bank has a comprehensive mechanism in place to ensure Shari'ah Compliance in their overall operations.
- v. As far as Charity fund is concerned, separate liability account (non-chequing) is opened in separate General Ledgers for each type of Charity Fund Collection:
 - a. Charity due to late payment,
 - **b.** Charity against other Non-Shari'ah compliant income
 - **c.** Dividend purification amount.

Funds cumulated in above mentioned each type of "Charity Collection Fund Account" is maintained in Shari'ah Compliant remunerative account at the discretion of Shari'ah Board/Resident Shari'ah Board Member.

Charity Fund is utilized for charitable, social welfare, religious, educational or any other purposes approved by Charity Committee / Shari'ah Board.

In the year 2023 the addition in the amount of Charity was PKR 26.619 million from different heads which was instructed to transfer to the Charity account.

Additions in Charity account during the year	Rupees in Thousands		
Received from customers against late payment	25,353		
Dividend purification amount	451		
Charity against other Non-Shari'ah compliant income	14		
Profit on charity saving account	801		
Total additions in Charity account during the year	26,619		

The Bank has disbursed the Charity amount to Shari'ah approved charitable organizations as per Bank's charity policy and SBP's guidelines. Details of Charity account are available in the note # 19.2.1Shari'ah Board appreciates the maintenance of a strong Shari'ah compliance environment by SCD. Shari'ah Board would like to praise Shari'ah Compliance Department/RSBM for efforts made by SCD during the year.

- vi. The Bank has complied with the SBP instructions on profit and loss distribution and pool management.
- vii. While the Bank is actively pursuing training of its human resources about various aspects of Islamic Banking & Finance through training sessions/seminars. Recently, a new program has been introduced named as "New Hires Orientation & Induction Certification Program" for new hires to equip them with various concepts of Islamic Banking. However further improvement is required to enhance the level of awareness of Islamic Banking & Finance of the staff, management and the BOD through enhanced training mechanism for each level. Top management and the BOD have made sincere efforts and appreciate the importance of Shari'ah compliance in overall operations of the Bank.
- viii. The Shari'ah Board has been provided adequate resources enabling it to discharge its duties effectively.

Shari'ah Board praises and acknowledged the efforts of Shari'ah Compliance Department/RSBM of the Bank that besides Shari'ah Compliance environment of the bank in regulatory inspection there was no instance regarding Non-compliance of regulatory requirements as far as Shari'ah Governance Framework is concerned.

Shari'ah Board would like to take this opportunity to offer praise to Almighty Allah and seek his guidance and Tauwfeeq, and to express its wishes for further progress, development and prosperity of Islamic Banking, under the sincere efforts of senior management, and Islamic Banking industry in Pakistan as a whole.

STATEMENT ON INTERNAL CONTROLS - YEAR 2023

The Management of MCB Islamic Bank (the "Bank") under the guidance of the Board of Directors, acknowledges its responsibility for establishing and maintaining an adequate and effective Internal Controls System with the main objectives of ensuring effectiveness and efficiency of operations, reliability of financial reporting and compliance with applicable laws and regulations.

The Internal Control System is a set of processes designed to identify, evaluate and mitigate the risk of failures and to help achieve overall business objectives of the Bank. All significant policies and procedural manuals are in place, which are reviewed, revised and improved to keep them current with latest activities and challenges. As a part of effective Internal Control System, the Board has established a formalized organizational structure within the Bank that provides clear demarcation of reporting and responsibility for ensuring proper assignment of authorities, segregations of duties and accountability towards the Bank. Defined authority limits have been established for each level within the Bank to approve acquisition and disposal of assets, approval of credit limits, writing-off items as well as approving expenses.

The Internal Control System evolves continuously and hence its evaluation is an ongoing process. This statement on internal controls is based on the management's assessment towards various aspects of the same. The said system of the Bank is designed to minimize and manage risks rather than eliminate the risk of failure to achieve the desired objectives; hence it can only provide reasonable assurance and not absolute assurance against material misstatement or loss.

Implementing State Bank of Pakistan (the "SBP") Guidelines on Internal Control has been the Bank's top priority, with concerted efforts made by every Group to improve the control environment at grassroot level by regularly reviewing and streamlining procedures, as well as imparting training. The Bank has completed all stages of Internal Controls over Financial Reporting (ICFR) roadmap. External Auditor's Long Form Reports (LFR) on the assessment of Bank ICFR for the years 2017, 2018 and 2019 have been submitted to SBP. For the year 2020 and onward, SBP has granted the Bank exemption from the requirement of ICFR assessment by External Auditors. We have followed the said SBP guidelines for management of significant risks and will continue further improvements.

Board's Audit Committee (BAC) has the authority and is empowered by the Board of Directors to review the adequacy and effectiveness of the Internal Controls System implemented by the Bank. Further, all significant and material finding of the Internal and external auditors as well as observations of the regulators are addressed on priority by the management and their status periodically reported to the BAC.

The BAC is supported by the Audit & RAR Group, independent from management, which forms an integral part of the governance processes. The Audit & RAR Group provides reasonable assurance through systematic and disciplined approach along with value-added recommendations on the adequacy and effectiveness of the Internal Controls System, and compliance with internal policies, procedures and applicable regulatory laws and regulations. Periodic updates on its activities and significant issues are submitted by the Audit & RAR Group to the BAC.

Back Office Governance and Special Projects Group (BOG & SPG) is entrusted with the responsibility to maintain the internal control documentation of significant areas, covering financial, operational, and compliance risks along with their mitigating controls, in coordination with all stakeholders. Business continuity planning is also being carried out by Back Office Governance and Special Projects Group (BOG & SPG) in coordination with all stakeholders to ensure smooth business operations without disruption.

Concerted efforts are made by every Group to improve the control environment at grassroot level by regularly reviewing and streaming procedures to prevent and rectify control lapses as well as imparting training for improvement at various levels. Compliance & Control Group (CCG) of the Bank through its specialized teams and centralized automated solutions, also oversees adherence to the regulatory requirements, with specific emphasis on Anti-Money Laundering (AML) / Combating Financing to Terrorism (CFT)/ Countering Proliferation Financing (CPF). Compliance and Control Group conducts on-site and off-site reviews of various entities and also facilitates training sessions on Anti-Money Laundering (AML), Combating Financing to Terrorism (CFT) & Countering Proliferation Financing (CPF) for staff through various tools. Further CCG has implemented various dimensions of Compliance Risk Management Guidelines issued by the regulator including automated system to manage to Compliance Risk of the Bank. In addition, "Compliance Committee of Management" oversees the handling of Compliance Risk of the Bank and facilitate in implementing policies, processes and procedures to manage this risk. Furthermore, based on the observations and weakness identified by the Internal and External Auditors, CCG and Shari'ah Compliance teams, remediation of the control deficiencies are brought about by the management.

Bank's Risk Management function also plays its role in ongoing strengthening of the Bank's Internal Controls System, through operational risk data collection and conducting Risk and Control Self-Assessment exercise on bank wide basis and cyber security controls. The Bank has adopted top down approach for Risk Assessment. Further, the bank has also adopted the integrated Framework on Internal Controls issued by the Committee of Sponsoring Organization of the Treadway Commission (COSO) for implementation in light of the SBP's Internal Control Guidelines. Risk Management Function is also actively engaged in creating risk awareness through staff training sessions in the areas of Operational Risk and Fraud Risk.

Based upon the results derived through ongoing testing of financial reporting controls and internal audits carried out during the year, the management considers that the Bank's existing Internal Control System is adequate and has been effectively implemented and monitored. The management will continue enhancing its coverage and compliance with the SBP Guidelines on Internal Control and further strengthening its control environment on an ongoing basis.

Based on the above, the Board of Directors has duly endorsed management's evaluation of internal controls including ICFR in the Directors report.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of MCB Islamic Bank Limited

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of MCB Islamic Bank Limited (the Bank) for the year ended December 31, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended December 31, 2023.

INDEPENDENT AUDITOR'S REPORT

To the members of MCB Islamic Bank Limited Report on the Audit of the Financial Statements

OPINION

We have audited the annexed financial statements of MCB Islamic Bank Limited (the Bank), which comprise the statement of financial position as at December 31, 2023, and the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement for the year then ended, along with the unaudited certified returns received from the branches except for 25 branches which have been audited by us and notes to the financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, profit and loss account, the statement of comprehensive income, the statement of changes in equity and cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Banking Ordinance and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THE BOARD OF DIRECTORS FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Banking Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Bank's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- 1. Based on our audit, we further report that in our opinion:
 - **a.** (proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit:
 - **b.** the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in equity and cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
 - **c.** investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the bank which have come to our notice have been within the powers of the Bank; and
 - **d.** zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980) was deducted by the bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
- 2. We confirm that for the purpose of our audit we have covered more than sixty percent of the total Islamic financing and related assets of the Bank

The engagement partner on the audit resulting in this independent auditor's report is **Hammad Ali Ahmad**.

NOTES TO AND FORMING PART OF THESE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2023

1 STATUS AND NATURE OF BUSINESS

- 1.1 MCB Islamic Bank Limited (the Bank) was incorporated in Pakistan as an unlisted public limited company on May 15, 2014 under the Companies Ordinance, 1984 (repealed after the enactment of the Companies Act, 2017) to carry out the business of an Islamic Commercial Bank in accordance and in conformity with the principles of Islamic Shari'ah and in accordance with regulations and guidelines of the State Bank of Pakistan. The Securities and Exchange Commission of Pakistan granted "Certificate of Commencement of Business" to the Bank on January 30, 2015. The Bank is a wholly owned subsidiary of MCB Bank Limited (MCB).
- 1.2 The State Bank of Pakistan (SBP) granted a "Certificate of Commencement of Banking Business" to the Bank on September 14, 2015 under Section 27 of the Banking Companies Ordinance, 1962. The Bank formally commenced operations as a Scheduled Islamic Commercial Bank with effect from October 15, 2015 upon receiving notification in this regard from SBP under section 37 of the State Bank of Pakistan Act, 1956. Currently, the Bank is engaged in corporate, commercial, consumer, micro finance, investment and retail banking activities.
- 1.3 The Bank is operating through 226 branches including two sub branches in Pakistan as at December 31, 2023 (December 31, 2022: 198 branches including one sub branch in Pakistan). The Registered Office of the Bank is situated at 59 Block T, Phase II, DHA, Lahore Cantt and Principal Office is situated at 14-A Main Jail Road, Gulberg, Lahore.
- 1.4 Based on the financial statements of the Bank for the period ended March 31, 2023, Pakistan Credit Rating Agency (PACRA) has maintained the Bank's medium to long-term rating as "A" and the short-term rating as 'A-1' with stable outlook.

2 BASIS OF PRESENTATION

- 2.1 The Bank provides Islamic financing and related assets mainly through Shari'ah compliant financing products mainly through Murabaha, Istisna, Salam, Ijarah, Diminishing Musharaka and Running Musharaka. The Bank also provides refinance facilities under various refinance schemes of the State Bank of Pakistan including Islamic Export Refinance Scheme.
- 2.2 The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon. The income on such Islamic financing is recognised in accordance with the principles of Islamic Shari'ah and in accordance with regulations and guidelines of the State Bank of Pakistan. However, income, if any, received which does not comply with the principles of Islamic Shari'ah is recognised as charity payable if so directed by the Shari'ah Board of the Bank.
- 2.3 These financial statements have been prepared in accordance with the format as prescribed by the State Bank of Pakistan through BPRD Circular No. 02 dated January 25, 2018.

3 STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:
 - International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act. 2017:
 - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
 - Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
 - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The State Bank of Pakistan has deferred the applicability of IFAS 3 'Profit and Loss Sharing on Deposits', through BPRD Circular No. 04 dated February 25, 2015 and International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and IAS 40, 'Investment Property' for Banking Companies in Pakistan through BSD Circular No. 10 dated August 26, 2002.

The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of IFRS 7 'Financial Instruments: Disclosures' on banks through S.R.O 411(1) / 2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.

3.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year

There are certain other new standards and interpretations of and amendments to existing accounting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2023. These are considered either to not be relevant or not to have any significant impact on the Bank's financial statements.

3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following other standards, amendments and interpretations of approved accounting standards are effective for accounting periods beginning on or after January 1, 2024:

Effective date (annual periods beginning on or after)

IFRS 9 - Financial instruments

Amendment to IFRS 16 – Leases on sale and leaseback

Amendment to IAS 1 – Non-current liabilities with covenants

Amendments to IAS 21 - Lack of Exchangeability

January 1, 2024

January 1, 2024

January 1, 2024

January 1, 2025

IFRS 9 Financial Instruments

IFRS 9, Financial Instruments: Classification and Measurement, addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on an 'Expected Credit Losses' (ECL) approach rather than the 'incurred credit losses' approach as currently followed. The ECL approach has an impact on all assets of the Bank which are exposed to credit risk.

As directed by SBP via BPRD Circular Letter No. 7 of 2023, IFRS 9 Financial Instruments is effective for periods beginning on or after January 01, 2024 for banks having asset base of more than Rs. 500 billion as at December 31, 2022. Furthermore, final instructions on IFRS 9 (Application Instructions), for ensuring smooth and consistent implementation of the standard across banks, have already been issued by SBP via BPRD Circular No. 3 of 2022 dated July 05, 2022.

During 2023, the management of the Bank has performed an impact assessment of IFRS 9 taking into account the SBP's IFRS 9 application instructions. The assessment is based on available information and may be subject to changes arising from further reasonable and supportable information being made available to the Bank at the time of finalizing the impact for initial application of IFRS 9. In addition, the Bank will implement changes in classification of certain financial instruments. These changes and impacts are discussed below:

An overview of the IFRS 9 requirements that are expected to have significant impact are discussed below along with the additional requirements introduced by the SBP:

Governance, ownership and responsibilities

The Bank has adopted a governance framework requiring the Risk, Finance, Operations and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD).

Classification and measurement

The classification and measurement of financial assets will base on the business model within which they are held and their contractual cash flow characteristics. Financial assets that do not meet the solely payments of principal and interest (SPPI) criteria are measured at fair value through profit or loss ('FVTPL') regardless of the business model in which they are held. The Bank's business model in which financial assets are held will determine whether the financial assets are measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL')

The business model reflects how groups of financial assets are managed to achieve a particular business objective. Financial assets can only be held at amortised cost if the instruments are held in order to collect the contractual cash flows ('hold to collect'), and where those contractual cash flows are solely payments of principal and interest (SPPI). Assets may be sold out of 'hold to collect' portfolios where there is an increase in credit risk. Disposals for other reasons are permitted but such sales should be insignificant in value or infrequent in nature.

Debt instruments where the business model objectives are achieved by collecting the contractual cash flows and by selling the assets ('hold to collect and sell') and that have SPPI cash flows are held at FVOCI, with unrealised gains or losses deferred in reserves until the asset is derecognised.

The classification of equity instruments is generally measured at FVTPL unless the Bank, at initial recognition, irrevocably designates as FVOCI but both unrealized and realised gains or losses are recognised in reserves and no amounts other than dividends received are recognised in the income statement. All other financial assets will mandatorily be held at FVTPL. Financial assets may be designated at FVTPL only if doing so eliminates or reduces an accounting mismatch.

The Bank has analyzed the impact of initial application of IFRS 9 on its financial assets as follows:

Equity Securities

The Bank expects to continue measuring at Fair value all financial assets currently held at Fair value.

Equity shares currently held as Available-for-Sale (AFS) with gains and losses recorded in OCI, the Bank will apply the option to present Fair Value changes in OCI, and, therefore, the application of IFRS 9 will not have a significant impact on adoption. However, in accordance with IFRS 9 requirements, Fair Value gain or losses recognized in OCI will not be recycled to profit and loss account on derecognition of these securities. Expected credit losses are not recognised for equity instruments designated at FVOCI.

Unquoted equity securities are required to be measure at Fair Value under IFRS 9, however, SBP has allowed relaxation to the banks till December 31, 2023 to carry these investments under the current PR regime.

Sukuks and Islamic financing and related assets

Sukuks currently classified as AFS and those passes SPPI test, are expected to be measured at Fair Value through OCI under IFRS 9 as the Bank's business model is to hold the assets to collect contractual cash flows, but also to sell those investment. Sukuks currently classified as HTM and those passes SPPI test are expected to be measured at amortized costs under IFRS 9 as the business model is to hold the assets to collect contractual cash flows.

Impairment of financial assets not held at FVTPL

The impairment requirements apply to financial assets measured at amortised cost and FVOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for Expected Credit Losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in credit risk (SICR), an allowance (or provision) is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL'). Financial assets where 12-month ECL is recognised are categorized in 'stage 1'; financial assets that are considered to have experienced a SICR are categorized in 'stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are categorized in 'stage 3'.

Credit losses are the expected cash shortfalls from what is contractually due over the expected life of the financial instrument, discounted at the original effective interest rate. The assessment of credit risk and the estimation of ECL are required to be unbiased and probability-weighted, and should incorporate all available information which is relevant to the assessment including information about past events, current conditions and reasonable and supportable forecasts of economic conditions at the reporting date.

Based on the requirement of IFRS 9 and SBP's IFRS 9 application instructions, the Bank has performed an ECL assessment taking into account the key elements such as assessment of SICR, Probability of Default, Loss Given Default and Exposure at Default. These elements are described below:

- PD: The probability that a counterparty will default, calibrated over the 12 months from the reporting date (stage 1) or over the lifetime of the product (stage 2) and incorporating forward looking information.
- LGD: It is an estimate of magnitude of loss sustained on any facility upon default by a customer. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor. It is the difference between contractual cash flows due and those that the Bank expects to receive, including any form of collateral.
- EAD : the expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant.

For calculating ECL, the Bank shall classify its financial assets under three following categories:

- a) Stage 1: Performing Assets: Financial assets where there has not been a SICR since initial recognition, the Bank shall recognize an allowance based on the 12-month ECL.
- b) Stage 2: Under-Performing Assets: Financial assets where there has been a SICR since initial recognition, but they are not credit impaired, the Bank shall recognize an allowance for the lifetime ECL for all exposures categorized in this stage based on the actual maturity profile.
- c) Stage 3: Non-Performing Assets: Financial assets which have objective evidence of impairment at the reporting date. The Bank shall recognize ECL on these financial assets using the higher off approach, which means that lifetime ECL computed under IFRS 9 is compared with regulatory provision required as per Prudential regulations.

As required by the Application Instructions, financial assets may be reclassified out of stage 3 if they meet the requirements of Prudential Regulations (PR) issued by SBP. Financial assets in stage 2 may be reclassified to stage 1 if the conditions that led to a SICR no longer apply. An exposure cannot be upgraded from Stage 3 to 1 directly and should be upgraded to Stage 2 initially.

Significant Increase in Credit Risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank uses a number of qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or interest payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations.

Based on the level of increase in credit risk, the Bank shall calculate 12 month ECL for assets which did not have a SICR i.e., Stage 1 or a lifetime expected loss for the life of the asset (for assets which demonstrated a SICR) i.e., Stage 2.

At every reporting date, the Bank shall assess whether there has been a SICR since the initial recognition of the asset. If there is a SICR, the asset must be assigned to the appropriate stage of credit impairment (Stage 2 or 3).

Under the SBP's instructions, credit exposure (in local currency) guaranteed by the Government and Government Securities are exempted from the application of ECL Framework. Moreover, until implementation of IFRS 9 has stabilized, Stage 1 and stage 2 provisions would be made as per IFRS 9 ECL and stage 3 provision would be made considering higher of IFRS 9 ECL or provision computed under existing PRs' requirements.

Presentation and disclosure

IFRS 9 also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of Bank's disclosure about its financial instruments particularly in the year of adoption of the IFRS 9.

The State Bank of Pakistan is yet to issue a revised format for financial statements of the banks for the accounting periods starting from January 1, 2024, which shall include the presentation and disclosures of adoption of IFRS 9 as applicable in Pakistan.

Impact of adoption of IFRS 9

The Bank will adopt IFRS 9 in its entirety effective January 1, 2024 with modified retrospective approach for restatement. As permitted by IFRS-9, the Bank will not be restating comparatives on initial application. The cumulative impact of initial application will be recorded as an adjustment to equity at the beginning of the accounting period.

The actual impact of adopting IFRS 9 on the Bank's financial statements in the year 2024 may not be accurately estimated because it will be dependent on the financial instruments that the Bank would hold during next year and economic conditions at that time as well as accounting elections and judgements that it will make in future. Nevertheless, the Bank has performed a preliminary assessment of the potential impact of adoption of IFRS 9 based on its statement of financial position as at December 31, 2023.

Impact on Equity of the Bank

The total estimated adjustment (net of tax) of the adoption of IFRS 9 on the opening balance of the Bank's equity at January 1, 2024 is reduction in equity of approximately Rs.113.657 million, representing corresponding impact of:

- An decrease of approximately Rs.113.657 million net of tax related to impairment requirements.

The Bank continues to refine its expected credit loss model and embed its operational processes which may change the actual impact on adoption.

Impact on regulatory capital

The banks are allowed to include provisions for stage 1 and stage 2 in Tier 2 capital up to a limit of 1.25% of total credit risk-weighted assets. In order to mitigate the impact of ECL provisioning on capital, a transitional arrangement is allowed to the banks to absorb the impact on regulatory capital. Accordingly, banks, which choose to apply transitional arrangement, may implement this arrangement in accordance with SBP's Guideline for absorption of ECL for CAR Purposes as mentioned in Annexure C of BPRD Circular No 3 of 2022.

The estimated impact of initial adoption of IFRS 9 on the Bank's capital ratios, without accounting for the allowed transitional arrangement, is as follows:

	As per adopted IFRS 9	As per current ARS
Common Equity Tier 1 Capital Adequacy ratio	22.08%	22.20%
Tier 1 Capital Adequacy Ratio	22.08%	22.20%
Total Capital Adequacy Ratio	23.79%	23.79%
CET1 available to meet buffers (as a percentage of risk weighted assets)	14.58%	14.70%

These financial statements have been prepared in accordance with the existing prudential regime to the extent of the Bank's domestic operations, whereas the requirements of this standard are incorporated for overseas jurisdictions where IFRS 9 has been adopted.

Including the above, there are other new and amended standards and interpretations that are mandatory for the Bank's accounting periods beginning on or after January 1, 2024 but are considered not to be relevant or do not to have any significant impact on the Bank's financial statements and are therefore not detailed in these financial statements.

4 BASIS OF MEASUREMENT

4.1 These financial statements have been prepared under the historical cost convention, except that certain classes of fixed assets are stated at revalued amounts and certain investments, foreign currency balances and commitments in respect of certain foreign exchange contracts have been marked to market and carried at fair value in accordance with the requirements of the SBP. In addition, obligations in respect of lease liabilities are carried at present value and right-of-use assets which are initially measured at an amount equal to the corresponding lease liability and depreciated over the respective lease terms.

Measurement of fair values

The Bank has an established control framework with respect to the measurement of fair values. The management regularly reviews significant observable and unobservable inputs and valuation adjustments. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques. The valuation of financial assets and financial liabilities are categorized and disclosed in note 38.

4.2 These financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

5 MATERIAL ACCOUNTING POLICY INFORMATION

5.1 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The material accounting estimated areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in the application of accounting policies are as follows:

a) Classification of investments

In classifying investments, the Bank follows the guidance provided in SBP circulars:

- Investments classified as 'held for trading', are securities which are acquired with an intention to trade by taking advantage of short term market / profit rate movements and are to be sold within 90 days of acquisition.
- Investments classified as 'held to maturity' are non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Bank evaluates its intention and ability to hold such investment to maturity.
- The investments which are not classified as 'held for trading' or 'held to maturity' are classified as 'available for sale'.

b) Provision / Impairment against Investments

Provision for diminution in the value of Sukuk certificates is made as per the Prudential Regulations issued by the SBP. The Bank determines that 'available for sale' equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Bank evaluates among other factors, the normal volatility in share price. In addition, the impairment may be appropriate when there is an evidence of deterioration in the financial health of the investee and sector performance, changes in technology and operational / financial cash flows. Impairment loss in respect of other investments classified as 'available for sale' and investments classified as 'held to maturity' is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments.

c) Provision against Islamic financing and related assets

The Bank reviews its Islamic financing and related assets portfolio to assess amount of non-performing Islamic financing and related assets and determine provision required there against on regular basis. While assessing this requirement various factors including the delinquency in the account, financial position of the customer and the requirements of the Prudential Regulations are considered.

The amount of general provision is determined in accordance with the relevant regulations and management's judgment as explained in note 5.6.2.

d) Taxation

In making the estimates for income taxes currently payable by the Bank, the management considers the current income tax laws. Judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies.

e) Depreciation, amortization and revaluation of fixed assets

In making estimates of the depreciation / amortization method, the management uses the method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the changed pattern. Such change is accounted for as change in accounting estimates in accordance with International Accounting Standard (IAS) 8 "Accounting Policies, Changes in Accounting Estimates and Errors". Further, the Bank estimates the revalued amount of land and buildings on a regular basis. The estimates are based on valuations carried out by independent professional valuers under the market conditions.

f) Lease term

The Bank applies judgment to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the Bank is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognised.

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year.

5.2 Business acquisition

Business acquisition from Group companies are recognized at carrying values.

5.3 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks and balances with other banks in current (net of overdrawn Nostro balances) and deposit accounts.

5.4 Funds due to / from financial institutions

Bai Mu'ajjal

In Bai Mu'ajjal, the Bank sells sukuk on deferred basis to other financial institutions. The deferred price is agreed at the time of sale and such proceeds are received at the end of the deferral period. Bai Muajjal with the Federal Government is classified as investment.

Musharaka / Mudaraba / Wakala

In Musharaka / Mudaraba / Wakala, the Bank invests in the Shariah compliant business pools of the financial institutions at the agreed profit and loss sharing ratio / fees.

Musharaka from the SBP under Islamic Export Refinance Scheme (IERS)

Under IERS, the Bank accepts funds from the SBP under Shirkat-ul-Aqd to constitute a pool for investment in Export Refinance portfolio of the Bank under the guidelines issued by the SBP. The profit of the pool is shared as per the agreed profit sharing ratio between the partners.

Mudaraba investment from the SBP under various long term Islamic refinance schemes

Under various long term Islamic refinance schemes of the SBP, the Bank accepts funds from the SBP which are received on Mudaraba basis for investment in general pool of the Bank. The profit of the pool is shared as per the announced profit sharing ratio of the pool and the weightages assigned to these investments.

5.5 Investments

The Bank classifies its investments (recognition and subsequent measurement) as follows:

a) Held for trading

These are securities, which are either acquired for generating profit from short-term fluctuations in market prices, rate of return movements, dealers margin or are securities included in a portfolio in which a recent pattern of short-term profit taking exists.

b) Available for sale

These are investments, that do not fall under the 'held for trading' or 'held to maturity' categories.

c) Held to maturity

These are securities with fixed or determinable payments and fixed maturity in respect of which the Bank has the positive intent and ability to hold to maturity. Bai-Mu'ajjal receivables from Government of Pakistan are stated at cost. Investments classified as 'held to maturity' are carried at amortized cost less accumulated impairment losses, if any.

5.5.1 Regular way contracts

All purchases and sales of investments that require delivery within the timeframe established by regulation or market convention are recognized at the trade date. Trade date is the date on which the Bank commits to purchase or sell the investment.

5.5.2 Initial recognition and measurement

Investments other than those categorised as 'held for trading' are initially recognised at fair value which includes transaction costs associated with the investments. Investments classified as 'held for trading' are initially recognised at fair value and transaction costs are expensed in the profit and loss account.

5.5.3 Subsequent measurement

a) Held for trading

These are measured at subsequent reporting dates at fair value. Gains and losses on remeasurement are included in the net profit and loss for the year.

b) Available for sale

In accordance with the requirements specified by the SBP, quoted securities (other than those classified as 'held to maturity'), are subsequently re-measured to market value. Unquoted equity securities are valued at the lower of cost and break-up value. Break-up value of unquoted equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investment in other unquoted securities are valued at cost less impairment losses, if any.

Surplus / deficit arising on revaluation of quoted securities which are classified as 'available for sale', is included in the Statement of Other Comprehensive Income. On derecognition or impairment of available-for-sale investments, the cumulative gain or loss previously reported in other comprehensive income is transferred to profit and loss for period.

c) Held to maturity

These are measured at amortised cost, less any impairment loss recognised to reflect irrecoverable amount.

5.5.4 Provision / impairment

Provision for diminution in the value of Sukuk certificates is made as per the applicable International Financial Reporting Standards and the directives issued by the SBP from time to time. In case of impairment of equity quoted securities classified as available for sale securities, the cumulative gain or loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position is transferred to the profit and loss account. For investments classified as held to maturity, the impairment loss is recognised in the profit and loss account. Impairment losses recognised in the profit and loss account on equity instruments are not reversed through the profit and loss account till the time the investments are sold or disposed off.

5.6 Islamic financing and related assets

5.6.1 These are financial products offered by the Bank and are stated net of specific and general provision against non performing Islamic financing and related assets, if any. A brief description of the products are given below:

Murabaha

In Murabaha transactions, the Bank purchases the goods through its agent or client and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Under Murabaha financing, funds disbursed for purchase of goods are recorded as 'Advance against Murabaha finance'. On culmination of Murabaha i.e. sale of goods to customers, Murabaha financing are recorded at the deferred sale price. Goods purchased but remained unsold at the statement of financial position date are recorded as inventories. Deferred income on Murabaha financing is adjusted against Murabaha receivable.

The Bank values its inventories at the lower of cost and net realizable value. The net realizable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale. Cost of inventories represents actual purchases made by the Bank / customers as the agent of the Bank for subsequent sale.

Istisna

In Istisna financing, the Bank places an order to purchase some specific goods / commodities from its customers to be delivered to the Bank within an agreed time. The goods are then sold by the customer on behalf of the Bank and the amount hence financed along with profit is paid back to the Bank.

Salam

In Salam financing, the Bank pays full in advance to its customer for buying specified goods / commodities to be delivered to the Bank within an agreed time. The goods are then sold and the amount financed is received back by the Bank along with profit

ljarah

In Ijarah financing, the Bank provides the asset on pre-agreed rentals for specific tenors to the customers. Ijarah assets are stated at cost less depreciation and are disclosed as part of 'Islamic financing and related assets'.

The rental on Ijarah under Islamic Financial Accounting Standard - 2 Ijarah (IFAS 2) are recorded as income / revenue. The Bank charges depreciation from the date of recognition of Ijarah of respective assets to Mustajir. Ijarah assets are depreciated over the period of Ijarah using the straight line method.

Impairment of Ijarah assets is determined in accordance with the Prudential Regulations issued by the SBP. The provision for impairment of Ijarah assets is shown as part of 'Islamic financing and related assets'.

The significant Ijarah contracts entered into by the Bank are with respect to vehicles, plant and machinery and equipment and are for periods ranging from 1 to 7 years.

Diminishing Musharaka

In Diminishing Musharaka based financing, the Bank enters into Musharaka based on Shirkat-ul-Milk for financing and agreed share of fixed assets (example: house, land, plant, machinery or vehicle) with its customers and enters into period profit payment agreement for the utilization of the Bank's Musharaka share by the customer.

Running Musharaka

In Running Musharaka based financing, the Bank enters into financing with the customer based on Shirkat-ul-Aqd or Business Partnership in the customer's operating business where the funds can be withdrawn or refunded during the Musharaka period.

5.6.2 Provision

Specific provision

The Bank determines provisions against Islamic financing and related assets on a prudent basis in accordance with the requirements of the Prudential Regulations issued by the SBP.

General provision

In accordance with Prudential Regulations issued by the SBP, general provision against consumer financing and house financing are maintained at varying percentages based on the non-performing loan ratio present in the portfolio.

In addition to the above mentioned requirements, the Bank has also maintained a general provision in respect of financing against potential losses as may be present in the portfolio. This provision is based on management's best estimate and is approved by the Board of Directors of the Bank.

The net provisions made / reversed during the year is charged to the profit and loss account and accumulated provision is netted off against Islamic financing and related assets. Islamic financing and related assets are written off when there are no realistic prospects of recovery.

5.7 Fixed and Intangible assets

5.7.1 Fixed assets

5.7.1.1 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. These are transferred to specific assets as and when assets become available for use.

5.7.1.2 Property and equipment

Property and equipment, other than land are stated at cost or revalued amount less accumulated depreciation and accumulated impairment losses, if any. Land is carried at revalued amount.

Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account.

Depreciation on all fixed assets is charged using the straight line method in accordance with the rates specified in note 11.2 to these financial statements and after taking into account residual value, if any. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each balance sheet date.

Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which the assets are disposed off.

Surplus on revaluation of land and buildings is credited to the surplus on revaluation account. Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of land and buildings (net of deferred taxation) is transferred directly to unappropriated profit.

Gains / losses on sale of property and equipment are credited / charged to the profit and loss account, except the related surplus on revaluation of land and buildings (net of deferred taxation) which is transferred directly to unappropriated profit.

5.7.2 Intangible assets

5.7.2.1 Advance against purchase of software

Advance against purchase of software is stated at cost less accumulated impairment losses, if any. These are transferred to computer software as and when the related asset is received.

5.7.2.2 Computer software

Computer software are stated at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized from the month when these assets are available for use, using the straight line method, whereby the cost of the intangible assets are amortized over its estimated useful lives over which economic benefits are expected to flow to the Bank. The useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

5.7.3 Impairment

The carrying amount of assets are reviewed at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amounts. Recoverable amount is the greater of fair value and value in use. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

5.8 IFRS 16 - Lease liability and right-of-use assets

The liability in respect of Ijarah (leases) of Musta'jir (lessee) are initially measured at the present value of the remaining Ijarah payments, discounted using the Banks's incremental borrowing rate. The Bank (being an Islamic bank) may acquire funds, if required, from other financial institution(s) under Shari'ah compliant modes. The Ijarah liability is subsequently measured at amortised cost using the effective borrowing rate and charged to profit and loss account. The carrying amount is remeasured / adjusted if there are changes in the future cash flows or the lease term.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the Ijarah liability, adjusted for, as applicable, any Ujrah (lease) payments made at or before the commencement date. On subsequent measurement, right-of-use assets are stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of the Ijarah liability.

Right-of-use assets are depreciated on a straight line basis over the Ijarah term as this method closely reflects the expected pattern of consumption of future economic benefits and charged to profit and loss account. Carrying amount of the Ijarah liability is derecognised upon termination of the Ijarah contract with corresponding adjustment to right-of-use asset. Gain or loss on termination of Ijarah contract is recognised in the profit and loss account. The right-of-use assets are presented within note 11 and are subject to impairment in line with the Bank's policy as described in note 5.7.3.

The Bank has elected not to recognize a right-of-use asset and the corresponding Ijarah liability for short-term Ijarahs with terms of 12 months or less and Ijarahs of low-value assets. Payments associated with these Ijarah are recognized as an expense in the profit or loss account on a straight-line basis.

However, accounting for Ijarah of Muj'ir (lessors) remains the same as required under IFAS 02 i.e. Muj'ir continue to present assets subject to Ijarah according to the nature of the asset, distinguished from the assets in own use.

5.9 Deposits

Deposits are generated on the basis of two modes i.e. Qard and Mudaraba. Deposits are recorded at the proceeds received. The cost of deposits is recognized as an expense in the period in which this is incurred.

Deposits taken on Qard basis are classified as 'Current accounts' and Deposits generated on Mudaraba basis are classified as 'Savings deposits' or 'Fixed deposits'. No profit or loss is passed to current account depositors. however the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Bank. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Profits realized in investment pools are distributed in pre-agreed profit sharing ratio between Rab-ul-Maal and Mudarib. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Mudarib can distribute its share of profit to Rab-ul-Maal upto a maximum of 60% of their profit as Incentive profits (Hiba)

Profits are distributed from the pool such that the depositors (remunerative) only bear the risk of assets in the pool during the profit calculation period. In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of Investments.

Asset pools may be created at the Bank's discretion and the Bank may add, amend, and transfer an asset to any other pool in the interests of the deposit holders.

5.10 Pool Management

The Bank operates general and specific pools for deposits and inter-bank funds accepted / acquired under Mudaraba, Musharaka and Wakala modes.

Under the general deposits pool, the Bank accepts funds on Mudaraba basis from depositors (Rabb-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in the Shari'ah Compliant modes of financings, investments and placements. When utilising investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources.

Specific pools may be operated for funds acquired / accepted from the SBP and other banks for Islamic Export Refinance to Bank's customers and liquidity management respectively under the Musharaka / Mudaraba modes. The Bank also maintains an Equity Pool which consists of Bank's equity and funds accepted on Qard (non-remunerative current deposit account) basis.

The profit of each deposit pool is calculated on all the remunerative assets booked by utilising the funds from the pool after deduction of expenses directly incurred in earning the income of such pool, if any. The directly related costs comprise of depreciation on Ijarah assets, takaful premium, documentation charges etc. No general or administrative expense is charged to pool. No provision against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharaka at gross level (before charging of Mudarib fee) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of Mudarib fee. During the year, the Bank has given Hiba to the depositors of General Pool, keeping in view the prescribed guidelines of Pool Management provided by the SBP and with the approval of the Bank's Shariah Board. However, Hiba are given at the sole discretion of the Bank without any contractual commitment and can be withdrawn or reduced by the Bank at its sole discretion.

The deposits and funds accepted under the above mentioned pools are provided to diversified sectors and avenues of the economy / business as mentioned in the notes and are also invested in Government of Pakistan backed Ijarah Sukuks. Staff financings are exclusively financed from the equity pool.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool.

5.11 Taxation

Current and prior year

Provision for current taxation is based on taxable income at the current rates of taxation after taking into consideration available tax credits and rebates. The charge for current tax also includes adjustments where considered necessary, relating to prior years which arise from assessments framed / finalized during the year and are disclosed separately.

Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. The Bank records deferred tax assets / liabilities using the tax rates, enacted or substantively enacted by the balance sheet date expected to be applicable at the time of its reversal. Deferred tax assets are reviewed at each reporting date and are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be trailised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised. The Bank also recognises deferred tax asset / liability on deficit / surplus on revaluation of securities and deferred tax liability on surplus on revaluation of fixed assets which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS) 12 'Income Taxes'.

In making the estimates for current and deferred taxes, the management considers the income tax law and the decisions of appellate authorities on certain issues in the past.

5.12 Staff retirement benefits

Defined contribution plan

The Bank operates a recognised contributory provident fund scheme for all its permanent employees. Equal monthly contributions are made both by the Bank and its permanent employees, to the Fund at the rate of 8.33% of the basic salaries of employees. However, an employee has an option to increase his/her contribution upto 15% but the Bank will still contribute 8.33% of the employee's basic salary. The Bank has no further payment obligation once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

5.13 Acceptances, guarantees and letters of credit

Acceptances comprise of undertakings by the Bank to pay bills of exchange drawn on customers. Acceptances are recognized as financial liability in the statement of financial position with a contractual right of reimbursement from the customer as a financial asset.

The Bank issues guarantees and letters of credit. These are disclosed in the statement of financial position as part of contingencies and commitments.

5.14 Provisions and contingent assets and liabilities

Provisions are recognized when the Bank has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

Contingent assets are not recognised, and are also not disclosed unless an inflow of economic benefits is probable. Contingent liabilities are disclosed unless the probability of an outflow of resources embodying economic benefit is remote.

5.15 Foreign currencies

5.15.1 Transactions and balance

Transactions in foreign currencies (other than the results of operations of foreign operations) are translated to Rupees at the foreign exchange rates ruling on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing at the balance sheet date. Foreign bills purchased and forward foreign exchange contracts (unilateral wa'ad) other than those relating to foreign currency deposits are valued at the rates applicable to their respective maturities. Translational gains / losses and any change in fair value of forward exchanges contracts are credited / charged to profit and loss account.

5.15.2 Commitments

Commitments for outstanding forward foreign exchange contracts are disclosed in these financial statements at committed amounts. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing at the date of the statement of financial position.

Translation gains and losses are included in the profit and loss account.

5.16 Revenue recognition

- Profit on investments in Sukuks is recognised on accrual basis. Where Sukuks (excluding those classified as held for trading) are purchased at a premium or discount, such premiums / discounts are amortised through the profit or loss account using the effective yield method.
- Profit from Musharaka placements with financial institutions is recognised on accrual basis.
- Profit from Bai-Mu'ajjal is recognised on accrual basis.
- Profit from Murabaha financing is accounted for on culmination of the Murabaha transaction. Profit on Murabaha is recognised on time proportion basis. Profit on Murabaha transactions for the period from the date of disbursement to the date of culmination of Murabaha is recognised immediately on the later date.

- Rental income from Ijarah financing is recognised on an accrual basis. Depreciation on Ijarah asset is charged to income (net of with rental income) over the period of Ijarah using the straight line method.
- Profit on Diminishing Musharaka is recognised on an accrual basis.
- Profit on Running Musharaka financing is booked on an accrual basis and is subject to adjustment (if any) upon declaration of profit by Musharaka partners.
- Profit on Istisna financing is recognised on accrual basis.
- Profit on Salam financing is recognised on accrual basis.
- The Bank earns fee and commission income from certain non-funded banking services. The related fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services. The Bank recognises fees earned on transaction-based arrangements at a point in time when the Bank has fully provided the service to the customer. Where the contract requires services to be provided over time, the income is recognised on a systematic basis over the life of the related service. Unearned fees and commissions are included under Other liabilities.
- Dividend income is recognised when the Bank's right to receive dividend is established.
- Gain or loss on sale of investments is recognised in the profit and loss account in the year to which it arises.
- Gain or loss on disposal of fixed assets, intangible assets, ijarah assets and musharaka assets is taken to the profit and loss account in the period in which they arise.
- Profit suspended in compliance with the Prudential Regulations issued by the SBP is recognized on receipt basis. Profit on rescheduled / restructured financing and investments is recognised as permitted by the SBP.

5.17 Assets acquired in satisfaction of claims

The Bank occasionally acquires assets in settlement of certain financings. These are stated at lower of the carrying value or current fair value of such assets.

5.18 Financial instruments

5.18.1 Financial assets and financial liabilities

Financial instruments carried on the statement of financial position includes cash and balances with treasury banks, balances with other banks, due from financial institutions, investments, Islamic financing and related assets (excluding inventories), other assets (excluding balances related to tax), bills payables, due to financial institutions, deposits and other liabilities (excluding balances related to tax). The particular recognition methods adopted for significant financial assets and liabilities are disclosed in the individual policy statements associated with these assets and liabilities.

5.18.2 Offsetting

Financial assets and financial liabilities are off set and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the Bank intends either to settle on a net basis, or to realize the assets and settle the liabilities, simultaneously.

5.19 Dividend distribution and appropriation

Dividend declared and other appropriations (other than appropriations required by law) approved subsequent to the balance sheet date are considered as non-adjusting events and are not recorded in the financial statements. However, a separate disclosure of the fact is made in the financial statements.

5.20 Earnings per share

The Bank presents basic and diluted Earnings Per Share (EPS). Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year.

5.21 Segment reporting

A segment is a distinguishable component of the Bank that is subject to risks and rewards that are different from those of other segments. A business segment is one that is engaged either in providing certain products or services, whereas a geographical segment is one engaged in providing certain products or services within a particular economic environment. Segment information is presented as per the Bank's functional and management reporting structure. The Bank's operations have been broken into following different business segments:

5.21.1 Business segments

State Bank of Pakistan vide BSD Circular No. 02 dated January 27, 2009, BSD Circular No. 10 dated October 20, 2009, BSD Circular No. 01 of 2011 dated October 21, 2011 has allowed benefit of Forced Sale Value (FSV) of Plant & Machinery under charge, pledged stock and mortgaged residential, commercial No. 01 of 2011 dated October 21, 2011 has allowed benefit of Forced Sale Value (FSV) of Plant & Machinery under charge, pledged stock and mortgaged residential, commercial & industrial properties (land and building only) held as collateral against NPLs for five years from the date of classification. Had the benefit not been taken by the Bank, the specific provision against non-performing Islamic financing and related assets would have been higher by Rs. 967.863 million (December 31, 2022: Rs. 555.936 million). The additional benefit on the Bank's profit and loss account arising from availing the FSV benefit - net of tax amounts to Rs. 493.610 million (December 31, 2022: Rs. 283.527 million). However, the additional impact on profitability arising from availing the benefit of forced sales value is not available for payment of cash or stock dividends to shareholders. 10.10

- The Bank has maintained general provision at an amount equal to 1% of the fully secured performing portfolio of consumer auto finance and unsecured performing portfolio of micro financing as required by the Prudential Regulations issued by the SBP. Further, general provision on consumer house finance is maintained as per the criteria defined in relevant Prudential Regulations issued by SBP. 10 11
- In addition, the Bank has also maintained an unencumbered general provision of Rs. 472.4 million (December 31, 2022: Rs. 326.5 million) against financing made in accordance with the prevailing circumstances as mentioned in Note 42.1. This general provision is in addition to the requirements of Prudential Regulations. 10.12

23.3.1	Claims against the Bank not acknowledged as debt	1,090,328	1,103,158

This includes claim by third parties against the Bank, amounting to Rs. 1,025.820 million (December 31, 2022: Rs. 1,025.820 million) which is being contested in the Court of law. The suit has been disposed off by the Court vide Order dated May 10, 2019 wherein the status quo has been ordered to be maintained with respect to bank guarantee and the matter has been referred to arbitration with the consent of the parties. However the Bank has not received any official notice to attend the arbitration proceedings till date.

In addition to the above, this includes claim by different parties against the bank amounting to Rs. 65.0 million (December 31, 2022: Rs. 77.338 million) which is pending before the court. Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any adverse outcome is remote. Accordingly, no provision has been made in these financial statements.

23.3.2 The Punjab Revenue Authority has issued an order under The Punjab Sales Tax on Services Act, 2012, resulting in an arbitrary aggregate demand of Rs. 240.54 million (2022: Nil). The Bank's appeals before the Commissioner Inland Revenue Appeals are pending adjudication. The management is confident that the aforementioned demand will be nullified by the appellate authorities. As a result, no provision has been recognized against this demand.

38 FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted securities, placements, Islamic financing and related assets, other assets, other liabilities, fixed term deposits and acceptances cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The repricing profile with effective rates and maturity are stated in notes 42.2.5 and 42.4.1 respectively.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

38.1 The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Bank essentially carries its investments in Sukuk and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Bank has adopted revaluation model (as per IAS 16) in respect of land and huilding.

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1, 2 and 3 during the year.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuks, forward foreign exchange contracts and operating fixed assets.

(c) Financial instruments in level 3

Currently, no financial instrument is classified in level 3.

Valuation techniques and inputs used in determination of fair values

Item	Valuation techniques and input used
Fully paid-up ordinary shares	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
	Fair values of GoP Ijarah Sukuks and other Ijarah Sukuks are derived using the PKISRV rates announced by the Financial Market Association (FMA) through Reuters. These rates denote an average of quotes received from eight different pre-defined / approved dealers / brokers.
Foreign exchange contracts	The valuation has been determined by mark-to-market currency rates announced by the State Bank of Pakistan.
	Land and buildings are revalued every three years using professional valuers on the panel of Pakistan Banker's Association. The valuation is based on their assessment of market value of the properties.

^{*} Capital Conservation Buffer (CCB) Consisting of CET1 only

SBP vide its BPRD Circular Letter No. 12 of 2020 dated March 26, 2020 has reduced the Capital Conservation Buffer (CCB) from 2.50% to 1.50%. The Minimum Capital Requirement of the Bank stands at Rs.10 Billion at the respective reporting dates and is in compliance with the required capital adequacy ratio including CCB (11.50% of the risk-weighted assets). Banking operations are categorized as either trading book or banking book and risk-weighted assets are determined according to specified requirements of the State Bank of Pakistan that seek to reflect the varying levels of risk attached to assets and off-balance sheet exposures. The total risk-weighted exposures comprise of the credit risk, market risk and operational risk.

The Bank has adopted Standardized Approach to measure Credit risk regulatory capital charge in compliance with Basel-III requirements. The Bank measures and manages Market Risk by using conventional methods i.e. notional amounts, sensitivity and combinations of various limits. Beside conventional methods, the Bank also uses VaR (Value at Risk) technique for market risk assessment of positions assumed by its Treasury and FX Group. In-house based solutions are used for calculating mark to market value of positions and generating VaR (value at risk) and sensitivity numbers. Thresholds for different positions are established to compare the expected losses at a given confidence level and over a specified time horizon. Currently, the Bank is reporting operational risk capital charge under Basic Indicator Approach (BIA).

Leverage Ratio (LR):

In order to avoid building-up excessive on and off-balance sheet leverage in the banking system, monitoring of Leverage Ratio is in place as per SBP directives with the following objectives:

- constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy; and
- reinforce the risk based requirements with an easy to understand and a non-risk based measure.

A minimum Tier 1 leverage ratio of 3% has been prescribed both at solo and consolidated level.

42 RISK MANAGEMENT

Risk is an inherent part of banking business activities. The risk management framework and governance structure at the MCB Islamic Bank Limited helps to mitigate and counter any foreseeable risk in its various lines of business. Risk awareness forms an integral part of strategic and operational activities of risk management. Through its risk management policy the Bank sets the best course of action to counter uncertainty by identifying, prioritizing, mitigating and monitoring risk issues, with the goal of enhancing shareholders' value. Bank's risk management structure is based on the following five guiding principles while conforming to the prescribed Shari'ah guidelines:

- Optimizing risk/return in a controlled manner
- Establishing clear responsibility and accountability
- Establishing independent and properly resourced risk management function.
- Promoting open risk culture
- Adopting international best practices in risk management

Keeping in view dynamics of internal and external environment, the bank regularly reviews and updates policy manuals / frameworks and procedures in accordance with domestic regulatory environment and international standards.

The Bank executes its risk strategy and undertakes controlled risk-taking activities within its risk management framework and Annual Risk Appetite and Strategy document. The Board of Directors and its relevant committee, i.e. the Risk Management & Portfolio Review Committee (RM & PRC), the senior management and its relevant committees, i.e. the Management Finance Committee (MFC), Asset Liability Committee (ALCO), etc., are responsible to ensure formulation and implementation of a comprehensive Risk Management Framework. The framework combines core policies, procedures and process designs with broad oversight and is supported by an efficient monitoring mechanism across the Bank to ensure that risks are kept within an acceptable level.

The Bank ensures that not only the relevant risks are identified but their implications are also considered and the basis provided for managing and measuring the risks. Through Internal Control units, the Bank ensures that effective controls are in place to mitigate each of the identified risks.

Independent from business groups, Chief Risk Officer reports functionally to the Risk Management & Portfolio Review Committee (RM & PRC) and administratively to the President; the RM & PRC convenes regular meetings to evaluate the Bank's risk and portfolio concentrations. The Risk Management Group performs the following critical functions:

- Credit Risk Management (including Credit Risk Review & Control)
- Market Risk Management
- Liquidity Risk Management
- Operational Risk Management
- Cyber Security Risk Management
- Fraud Risk Management

42.1 Credit Risk

Credit risk arises from our dealings with individuals, corporate clients, financial institutions, sovereigns etc. The Bank is exposed to credit risk through its financing and investment activities. It stems from the Bank's both, on and off-balance sheet activities. Credit risk makes up the largest part of the Bank's exposure. Purpose of Credit Risk Management function is to identify, measure, manage, monitor and mitigate credit risk. Organizational structure of this function ensures pre and post-facto management of credit risk. While, Credit Review function provides pre-fact evaluation of counterparties, the Credit Risk Control (CRC) performs post-fact evaluation of financing facilities and reviews clients' performance on an ongoing basis.

The Bank has adopted Standardized Approach to measure Credit risk regulatory capital charge in compliance with Basel-III requirements. The approach mainly takes into account the assessment of external credit rating agencies. In line with SBP guidelines on Internal Credit Risk Rating Systems, the Bank has developed rating systems and all its corporate and commercial financing customers are internally rated. The Bank is in the process of continuously improving the system and bringing it in line with the Basel framework requirements.

In order to manage the Bank's credit risk, following policies and procedures are in place:

- Individuals who take or manage risks clearly understand them in order to protect the Bank from avoidable risks;
- Credit facility or material change to the credit facility is allowed subject to credit review;
- Approval and review process is reviewed by RM&PRC and internal audit;

As a part of credit assessment the Bank uses an internal rating framework as well as the ratings assigned by the external credit rating agencies, wherever available.

In compliance to State Bank of Pakistan instructions, the bank has developed an indigenous model to calculate score of an obligor based on trade based money laundering risk during the year. The model covers various risk parameters to assess risk. The bank also has in place a scoring model to capture environmental risk.

Ongoing administration of the credit portfolio is an essential part of the credit process that supports and controls extension and maintenance of credit. The Bank's Credit Risk Control, being an independent function from the business and operations group, is responsible for performing the following activities:

- Credit disbursement authorization;
- Collateral coverage and monitoring;
- Compliance of loan covenants/ terms of approval;
- Maintenance/ custody of collateral and security documentation.

Credit Risk Monitoring is based on a comprehensive reporting framework. Continuous monitoring of the credit portfolio and the risks attached thereto are carried out at different levels including businesses, Audit & Risk Assets Review, Credit Risk Control, Credit Risk Management Division, etc.

To ensure a prudent distribution of asset portfolio, the Bank manages its financing and investment activities within an appropriate limits framework. Per party exposure limit is maintained in accordance with SBP Prudential Regulation R-1.

The Bank creates specific provision against Non- Performing Financings (NPFs) in accordance with the Prudential Regulations and other directives issued by the SBP and charged to the profit and loss account. Provisions are held against identified as well as unidentified losses. Provisions against unidentified losses include general provision against consumer, small entities and micro financings made in accordance with the requirements of the Prudential Regulations issued by SBP on financings.

Stress Testing

Credit Risk stress testing is a regular exercise. Bank's all credit exposures including funded and non-funded facilities are subject to stress test. This exercise is conducted on a quarterly basis through assigning shocks to all assets of the Bank and assessing its resulting affect on capital adequacy inline with SBP requirements.

The Bank is regularly conducting assessments of the financing portfolio, with robust post disbursement review mechanism to identify borrowers most likely to be affected in the challenging business and economic environment. Bank is confident that it has more than sufficient risk bearing capacity to with-stand these difficult times.

Particulars of Bank's significant on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

42.2 Market Risk

Market Risk arises from changes in market rates such as Profit / Yield Rates, Foreign Exchange Rates, Equity Prices, and / or commodity prices as well as their correlations and volatilities resulting in a loss to earnings and capital. The Bank is exposed to market risk primarily through its trading activities, which are centered in Treasury and FX Group.

The Bank's Market Risk Management structure consists of Risk Management & Portfolio Review Committee (RM&PRC) of the Board, Management Finance Committee of management and ALCO. There is an independent Market Risk Management Division reporting directly to Group Head Risk Management. Market Risk is an independent risk management function that works in close partnership with the business segments to identify and monitor market risks throughout the Bank and to define market risk policies and procedures. Market Risk seeks to facilitate efficient risk/return decisions, reduce volatility in operating performance and provide transparency into the Bank's market risk profile for senior management, the Board of Directors and regulators. Market risk authority, including both approval of market risk limits and approval of market risks is vested in the ALCO.

In line with regulatory requirements, the Bank has clearly defined, in its Risk Management policy, the positions which shall be subject to market risk. The definition covers the accounting classifications as well as positions booked by different business groups under "Available for Sale" category. The assets subject to trading book treatment are frequently, mostly on daily basis, valued and actively managed. The positions which do not fulfill the criteria of Trading book falls under the Banking Book and are treated as per SBP requirements.

The Bank measures and manages Market Risk by using conventional methods i.e. notional amounts, sensitivity and combinations of various limits. Bank has established a specific Market Risk Limit Policy providing guideline for assuming controlled market risk, its monitoring and management.

Beside conventional methods, the Bank also uses VaR (Value at Risk) technique for market risk assessment of positions assumed by its treasury and capital market groups. In-house based solutions are used for calculating mark to market value of positions and generating VaR (value at risk) and sensitivity numbers. Thresholds for different positions are established to compare the expected losses at a given confidence level and over a specified time horizon.

A framework of stress testing, scenario analysis and reverse stress tests of both banking and trading books as per SBP guidelines is also in place. The results of the stress tests are reviewed by senior management and also reported to the SBP.

42.2.2 Foreign Exchange Risk

Foreign exchange risk exposes the bank to changes in the values of current holdings and future cash flows denominated in currencies other than home currency due to the exchange rate fluctuation and volatility. The types of instruments exposed to this risk include foreign currency-denominated financing, foreign currency-denominated deposits, future cash flows in foreign currencies arising from foreign exchange transactions, etc.

The core objective of foreign exchange risk management is to ensure the foreign exchange exposure of the Bank remains within defined risk appetite and insulate the Bank against undue losses that may arise due to volatile movements in foreign exchange rates or profit rates.

42.2.3 Equity position risk

Bank's proprietary positions in the equity instruments expose it to the equity price risk in its trading and banking books. Equity price risk is managed by applying trading limit, scrip-wise and portfolio wise nominal limits. VaR analysis and stress testing of the equity portfolio are also performed and reported to senior management. The stress test for equity price risk assesses the impact of the fall in the stock market index using internal based assumptions.

42.2.4 Yield / Profit Rate Risk in the Banking Book - Basel II Specific

Yield rate sensitivity position for on-balance sheet instruments is based on the earlier of contractual re-pricing or maturity date and for off-balance sheet instruments is based on settlement date. Yield risk occurs when there is a mismatch between positions, which are subject to profit rate alterations within a particular time period. The Bank's financing, placement and investment activities give rise to profit rate risk. The effect of changes in profit rate is on the Bank's income, and resultant impact is on the Bank's net worth.

Profit rate risk is primarily managed by monitoring the rate sensitive gaps and by having the pre-approved limits for repricing buckets. ALCO is the supervising body for adherence with these, complemented by the monitoring of sensitivity of the Bank's financial assets and liabilities to various scenarios.

42.3 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people, and systems or from external events. This definition includes legal risks but excludes strategic and reputational risks.

The Bank's operational risk management framework, as laid down in the operational risk policy, duly approved by the Board of Directors (BOD), is flexible enough to implement in stages and permits the overall risk management approach to evolve in the light of organizational learning and the future needs of the Bank. Operational loss events are reviewed and appropriate corrective actions are taken on an ongoing basis, including measures to improve control procedures with respect to design and operative effectiveness.

An independent Operational Risk Management Function has also been established within the Risk Management Group, as per the requirements of SBP Basel Framework and in line with the international best practice. This function is responsible to ensure that management of operational risk in the Bank is carried out in accordance with the bank's approved policies and frameworks.

Operational Risk Management helps the Bank understand risks and improve mitigating controls so as to minimize operational risks that are inherent in almost all areas of the Bank. Going forward, the Bank will further strengthen its risk function, policies and procedures to facilitate its operations and improve quality of assets to safeguard interest of depositors.

The key elements in the operational risk management process are:

- Risk Identification & Assessment
- Risk Monitoring & Reporting
- Risk Control & Mitigation

Operational Risk identification at the Bank is based on utilization of diversified tools including but not limited to internal and external loss / control breach / near miss incidents data collection, process reviews, internal / external audit / regulatory inspection observations, expert judgment and self-assessment etc. Since scope of operational risk spreads across different functions of the bank, roles and responsibilities regarding operational risk management also spread across all the groups in the bank. Governance structure involved in management of operational risk is as follows:

- Board of Directors
- Risk Management and Portfolio Review Committee (RM&PRC)
- President
- Risk Management Group (RMG)
- All Business and Support Groups

Based on the analysis of operational risks through maintenance of operational risk database, a periodic reporting of operational losses and significant risk events is being done for review of RM&PRC on quarterly basis. The strong control environment encompasses documented policies / procedures and systems in all key areas as effective risk mitigation tools.

The Bank is focusing on the following risk mitigation tools:

- Business Continuity Management / Disaster Recovery Planning
- Takaful
- Outsourcing

Continuous monitoring of the effectiveness of mitigants has been ensured through regular compliance reviews and independent validation by Internal / External Audit inspections.

Operational risk covers a broad range of risks and is useful to sub-divide operational risk into two main categories i.e. Internal Risks and External Risks.

Operational risk event types are further divided into seven types which are as under;

- Internal Fraud
- External Fraud
- Damage to Physical Assets
- Execution, delivery and process management
- Business disruption and system failure

- Employment practices and workplace safety
- Clients, products and business practices

Operational Risk-Disclosures Basel II Specific

Since the Bank currently being at infancy stage, is using Basic Indicator Approach (BIA) for allocation of capital charge for operational risk as the corner stone of capital allocation under advanced approaches of Basel II is the historical time series of operational loss data.

Operational loss data pertaining to key risk events is also collected on bank-wide basis. Periodic review and analysis will be prepared for senior management and Risk Management and Portfolio Review Committee (RM&PRC) of the Board. Such reports will cover the significant risk events with root cause analysis and recommendations for further improvements.

Business Continuity Planning & Health, Safety & Environment:

A comprehensive Business Continuity Plan is in place whereby all Branches & Head Office functions have developed their Alternate Sites which will be operational in case of emergency.

We have established minimum safety standards that all businesses, offices and branches of the Bank must adhere to and encourages all employees to promote the safety of their fellow employees and customers.

Fraud Risk Management:

Fraud Risk Management Division has been formed under Risk management group to ensure appropriate protection of financial and reputational interest of the bank and core responsibilities are:

- Compliance on SBP directives for policies, procedures and internal / external reporting.
- 24/7 Monitoring of Digital Banking & Alternate Delivery Channel (ADC) transactions.
- Fraud training awareness.
- Handling frauds related complaints and their resolution as per SBP directives including FDTH affairs.

Information Technology Security:

An independent IT Security division is in place to counter cyber security threats. However, this is a dynamic area and the bank is in the process of acquiring more solutions & implementing more controls. Broadly speaking, IT Security covers the following main areas in accordance with Board approved policy:

- Implement information security policy and associated process and controls
- Implement Access and Authentication controls
- Periodically conduct access review of privilege users.
- Periodically conduct Risk Assessment of critical information assets
- Periodically conduct internal / external vulnerability assessment and penetration testing of critical information assets.
- Information / cyber security awareness to be created amongst staff members.
- Incident response and lesson learned.
- Continuous communication to stakeholders
- Continuos improvement

Shari'ah Non Compliance Risk (SNCR):

The Bank is fully acquainted with SNCR and its potential implications on the reputation and business of the Bank. Therefore the Bank shall take adequate measures to address SNCR and ensure conformity of its operations with Shari'ah principles.

In addition to the Shari'ah Compliance Department, exclusively overseeing SNCR risk, the RM&PRC and senior management shall also play their role in monitoring the same.

All Shari'ah non-compliance events and transactions are reported to Shari'ah Non Compliance Risk Management Committee (SNCRMC), RM&PRC and BOD on quarterly basis by Shari'ah Compliance Department (SCD).

42.4 Liquidity Risk

Liquidity risk is the potential for loss to the Bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring an unacceptable cost. The Bank's Board of Directors sets Bank's policy for managing liquidity risk and entrusts accountability for supervision of the implementation of this strategy to senior management. Senior management exercises its responsibilities for managing market & liquidity risk through various committees including the Asset & Liability Management Committee (ALCO). Treasury department manages the Bank's liquidity position on a daily basis. The Bank's main approach of managing the liquidity risk is to make certain that it will always have adequate liquidity to meet its liabilities when they are due in normal and stressed scenarios without incurring any untoward expenditure or risking reputational harm. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits. Regular liquidity stress testing is conducted under a variety of scenarios covering both normal and more severe market conditions. There is an Asset Liability Management Framework in place for focused handling of Liquidity. This framework also incorporates early warning indicators.

Liquidity Gap Reporting

Regarding behavior of non-maturity deposits (non-contractual deposits), the Bank conducted a behavioral study using value at risk methodology. On the basis of its findings 8.86% of current accounts and saving accounts are bucketed in over 1 year maturity.

43 PROFIT / (LOSS) DISTRIBUTION TO DEPOSITORS' AND SPECIFIC POOLS

43.1 The Bank is maintaining the following types of pools for profit declaration and distribution:

- 1 General Pool
- 2 IERS Musharaka Pool
- 3 Treasury Musharaka / Mudaraba Pools
- 4 Special Musharaka Pool
- 5 Equity Pool

Features, risks and rewards of each pool are given below:

1 General Pool

The Bank manages one general pool for its depositors' (Rabbul Mal) maintaining deposits under Mudaraba in both local and foreign currencies and also commingled its equity in this pool. The income (gross income less direct expenses) generated from the pool is distributed between Bank's equity and depositors' fund in proportion to their respective share in the pool. Under the Mudaraba mechanism, the income so distributed to depositors' fund is shared between the Bank (Mudarib) and depositors' (Rabbul Mal) according to the pre-agreed profit sharing ratios and assigned weightages.

The deposits and funds accepted under the General Pool are deployed to diversified sectors and avenues of the economy / business mainly to 'Agriculture, Forestry & Fishing', 'Textile & Allied', 'Food & Allied', 'Distribution & Trade', 'Investment in Government of Pakistan Ijarah Sukuk', etc.

Parameters associated with risk and rewards

Following are the consideration attached with risk and reward of general pool:

- Period, return, safety, security and liquidity of investment.
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected amount of procurement of deposit during coming days as a result of concerted marketing efforts of the
- Element of risk attached to various types of investments.
- SBP rules and Shari'ah clearance.

2 Islamic Export Refinance Scheme (IERS) Musharaka Pool

The Bank manages IERS Musharaka Pool for funds accepted from SBP under IERS. Under the PLS mechanism, the Bank generates revenues from the pool funds which are shared with the SBP according to the pre-agreed profit sharing ratios. Musharaka investments from the SBP under IERS are channeled towards the export sector of the economy and other financings as per SBP guidelines.

3 Treasury Musharaka / Mudaraba Pools

The Bank accepts funds from other banks to manage its liquidity under Musharaka / Mudaraba mode. The funds accepted are tagged to remunerative assets having maturity on or after the period for which funds are accepted. The revenue generated from the pool asset is shared between the bank and other member of the pool according to pre-agreed profit sharing ratios or assigned weightages accordingly.

4 Special Musharaka Pool

The Bank also accepts funds / deposits (other than Banks) under Musharaka mode. The comingled funds under this arrangement are deployed in remunerative assets as per the terms of agreement. The revenue generated from these assets are then shared as per pre-agreed profit sharing ratio.

5 Equity Pool

The Equity Pool consists of Bank's equity and funds accepted on Qard (non-remunerative current deposit account) basis. The funds of this pool are invested in various assets or ventures which are higher in risk or having longer funding period. In addition to that all staff financings are financed by this pool. The risk of assets in the pool is borne by the Bank.

Charging of expenses

Direct expenses are being charged to respective pools, while indirect expenses such as general and administrative expenses are being borne by the Bank as Mudarib. No provision expense is charged to the pool unless it is written off. The direct expenses charged to the pool may include depreciation of Ijarah assets, premium amortization on Sukuk, impairment losses due to physical damages to specific assets in pools etc. However, this is not an exhaustive list; the Bank's pool management framework and the respective pool creation memo may identify and specify these and any other similar expenses to be charged to the pool.
